I attended the hearing on 1997 Assembly Bill 630 and thought you might want this amendment. It exempts motorcycles from having to declare a color on applications for registration.

1999-2000 DRAFTING INSERT
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-0784/1ins

1

Under current law, an applicant for registration of a motor vehicle must provide a description of the vehicle, including the vehicle's make, model and identification number. Current law requires the department of transportation (DOT) to compile a list of new automobiles and motor trucks being registered for the first time after purchase from a motor vehicle dealer.

This bill requires the applicant for registration of a motor vehicle, other than a motorcycle or a vehicle having a gross weight of more than 8,000 pounds, to include the vehicle's color in the application. The bill requires DOT to include a place on the registration application form for the applicant to identify the vehicle's current color, if the color has changed since the vehicle was last registered. The bill also requires that the vehicle color be included in the compiled registration list of new vehicles.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
