1999 SENATE BILL 187

June 8, 1999 – Introduced by Senators RISSER, BURKE, SCHULTZ, RUDE and ERPENBACH, cosponsored by Representatives FREESE, MILLER, TRAVIS, BOYLE, MUSSER, TURNER, BLACK, PLOUFF, POWERS, BERCEAU, YOUNG and SERATTI. Referred to Committee on Economic Development, Housing and Government Operations.

1 **AN ACT** *to amend* 40.05 (4) (b); and *to repeal and recreate* 40.05 (4) (bd) of the
2 statutes; **relating to:** eliminating the time period in which state employes
3 must use accumulated sick leave credits to purchase state group health
4 insurance.

Analysis by the Legislative Reference Bureau

Under current law, with certain exceptions, if a state employe who is eligible for coverage under the state group health insurance program terminates employment in a position that is covered under the Wisconsin retirement system (WRS) and has attained the minimum age to begin receiving a retirement benefit under the WRS, or if a state employe who is eligible for coverage under the state group health insurance program is laid off, the employe's accumulated unused sick leave may be converted, at his or her basic pay rate immediately prior to termination, to credits for the payment of health insurance premiums during the employe's retirement or period of layoff. Current law also provides that, upon conversion of the unused sick leave to credits, the employe must begin to use the sick leave credits for the purchase of state group health insurance no later than ten years after the date of conversion. This bill eliminates this ten year requirement.
