Assumptions Used in Arriving at Fiscal Estimate <p>This bill makes the procedures for admitting latent fingerprint reports by the Milwaukee city police latent fingerprint identification unit the same as the procedures for admitting reports from crime, hospital and health laboratories.</p> <p>It is not known how often experts are called in to testify about such reports at preliminary hearings. Under this bill, experts could not be called, thereby reducing the length of the hearing. The reduction in court time needed would reduce state and county costs for the operation of the circuit courts but this is not expected to be a significant savings.</p>
