**ANALYSIS INSERT**

Under current law, if a prisoner needs medical care, the sheriff, superintendent or other keeper of the jail or house of correction in which the prisoner is confined must provide the prisoner appropriate care or treatment. In addition, under current law, the department of corrections (DOC) must establish, by rule, program standards for jails and houses of corrections, which must include certain policies and procedures regarding the provision of medical care to prisoners.

This bill requires DOC to develop a standardized form for use in jails and houses of corrections for recording a prisoner's medical conditions and history. The bill also requires jailers in Brown, Dane, Kenosha, Marathon, Milwaukee, Outagamie, Racine, Rock, Waukesha and Winnebago counties to complete the form for each prisoner being transferred to another county's jail or house of correction at the time of the transfer.
