Assumptions Used in Arriving at Fiscal Estimate

This bill creates a 6 member athletic trainer affiliated credentialing board, which would be attached to the Medical Examining Board. The board would need to meet every month for the first year of regulation, and six times a year thereafter. Costs associated with annual board meetings include \$1,200 for per diems, \$2,000 for lodging, and \$3,500 for meals and travel. First year board expenses would increase by \$6,500 to cover the expenses of six additional meetings.

The department is estimating that 500 athletic trainers will apply for licensure if this bill is enacted into law. Revenue estimates include \$9,750 annually in initial credential fees for the first two years of regulation (\$8,775 in program revenue and \$975 in general purpose revenue-earned) and \$10,250 annually for the first renewal period \$9,225 in program revenue and \$1,025 in general purpose revenue-earned).

The bill establishes requirements for the licensing of athletic trainers. An additional Program Assistant 1 would be needed to process and revise forms and applications, answer applicant questions, prepare applications for board review, and issue temporary permits. Annual costs for this position are \$27,130 for salary and fringe benefits; \$1,200 for on-going costs and \$5,500 in one-time costs for furniture and a personal computer. Other costs associated with licensing include \$600 for printing and postage of applications, \$800 for the printing and postage to send out regulatory digests to all credentialed athletic trainers, and \$4,000 for code books.

The department would need to hire a 0.5 FTE Consumer Specialist to assist with the enforcement of this profession. Costs associated with this position include \$17,170 for salary and fringe benefits and \$1,200 for on-going costs and \$5,500 in one-time costs for furniture and a personal computer. The bill provides the board with authority to assess forfeitures of up to \$10,000 for certain violations and possible criminal penalties of \$10,000 and 9 months imprisonment for violating "this subchapter or any rules promulgated under this subchapter." The department is basing this need on the fact that there will be 25 complaints per year, of which 60 percent will be opened for investigation and on the fact that the existing department complaint handling staff are working hard to handle the existing caseload and cannot absorb the regulation of additional groups or professions without it having an adverse impact on the complaint handling process.
