February 2, 2000

To the Honorable, the Legislature:

With this letter, I am forwarding to you the Bureau of Justice Information Systems (BJIS) Fourth Annual Report. S. 13.172(3) directs BJIS to report annually on its activities, and this report is submitted in fulfillment of that requirement.

The report describes the efforts of BJIS on behalf of Integrated Justice Information Sharing (IJIS) and District Attorney Information Technology (DA IT). Significant progress was made in these areas, and are described in detail in the report.

Multiple projects to improve the electronic sharing of information among justice agencies were undertaken in 1999. These include the beginning of an IJIS data dictionary with court, DA and CCH definitions and tables, a DOJ brief bank on line through a partnership with the Department of Justice, and much more. This is just the beginning of what could be possible in reducing redundant data entry and improving public safety gaps that currently exist.

Progress also occurred in several areas relating to district attorney information technology (DA IT). In 1999, BJIS worked hard installing and supporting 27 state standard local area networks (LANs) connected to county and state networks (WANs), training and supporting users in 27 LAN and 44 DA Net offices and piloting a DA case management system (PROTECT) which is now up and running in two counties.

In response to Executive Order 341 (Year 2000 Preparedness) were initiated in 1998. BJIS had established a Public Safety Functional Team to address state public safety agency Y2K preparedness. BJIS identified critical areas of Y2K action related to counties, interdependencies among public safety agencies and public communication about Y2K. Educating DA's about Y2K issues affecting their offices was completed as was ensuring Y2K compliance of all BJIS equipment and software installed in DA offices. We are happy to report that there were no public safety disruptions due to Y2K, due in large part to the hard work of the Public Safety Functional Team.

With the support of the legislature, BJIS can help improve public safety and bring efficiency to government by working to improve both the communication between agencies and by providing the basic infrastructure needed to be effective.

Sincerely,
JENNIFER REINERT

AGENCY REPORTS

State of Wisconsin
Investment Board
Madison

January 28, 2000

To the Honorable, the Legislature:

Section 25.17(14r) of the Statutes requires that the State of Wisconsin Investment Board (SWIB) submit a report to the Joint Committee on Audit, Joint Committee on Finance and the Chief Clerks of each House summarizing any change in the Board's investment policies, upon adoption of the change.

On January 13, 2000 the Board approved modifications to the Investment Policy Guidelines relating to the Patients Compensation Fund. Attached are the modified guidelines. Additions to the previous guidelines are shaded and deletions are the ~~stricken~~ material.

The purpose of the Patients Compensation Fund (PCF) is to provide a medical malpractice insurance fund for Wisconsin's health care providers. The Patients Compensation Fund's Board of Governors oversees the administration of the PCF. SWIB is responsible for carrying out the investment management activities for this fund.

The PCF Board of Governors reviewed their investment guidelines and determined that the fund should invest up to 20% of its assets in common stocks. This decision stems from the fact that the fund is now in a surplus position. Fixed income assets, comprising 80% of the fund are sufficient to meet actuarial liabilities. SWIB will continue to manage the fixed income portion of the fund, as before. Due to staffing constraints at the Investment Board, it was determined that the fund will use a passive index fund to achieve the desired common stock exposure.

Please contact me if you have any questions about this report.

Sincerely,
PATRICIA LIPTON
Executive Director
