September 15, 2000

Senator Brian Burke  
Representative John Gard  
Co-Chairs, Joint Committee on Finance

George Lightbourn, Secretary  
Department of Administration

Dear Senator Burke, Representative Gard and Secretary Lightbourn:

This letter requests approval of the UW System's 2000-2001 plan for student fee funded auxiliary reserve balances as required by section 36.46, Wisconsin Statutes:

The board may not accumulate any auxiliary reserve funds from student fees for any institution, or for the centers in aggregate, in an amount that exceeds an amount equal to 15% of the previous fiscal year's total revenues from student segregated fees and auxiliary operations funded from student fees for that institution, or for the centers in aggregate, unless the reserve funds are approved by the secretary of administration and the joint committee on finance under this subsection. A request by the board for such approval for any fiscal year shall be filed by the board with the secretary of administration and the cochairpersons of the joint committee on finance no later than September 15 of that fiscal year. The request shall include a plan specifying the amount of reserve funds the board wishes to accumulate and the purposes to which the reserve funds would be applied, if approved. Within 14 working days of receipt of the request, the secretary of administration shall notify the cochairpersons of the joint committee on finance in writing of whether the secretary proposes to approve the reserve fund accumulation.

Reserve funds are needed to meet debt service requirements, to ensure that equipment and facilities can be maintained, replaced, remodeled or refurbished as needed, to provide an operating cushion to offset short-term revenue losses or unanticipated expenditures and to stabilize rate increases for students. Section 36.46 originally required approval of all student fee funded auxiliary reserve accumulations but was amended by the 1997-99 biennial budget bill to require approval of only reserve accumulations in excess of 15% of prior year revenues. UW System policy requires that institutional reserve levels be clearly linked to specific programmatic and operating needs detailed in a multi-year plan.

Attachment 1 shows planned reserves as of the end of 2000-2001 for all UW institutions and compares that amount to the reporting threshold (i.e., 15% of 1999-2000 revenues). Attachment 2 shows the planned use of these reserves for the eleven institutions that are projecting to end 2000-2001 with reserve balances above the 15% threshold. In almost every case reserves are being accumulated for major capital projects such as residence hall construction or renewal, equipment purchases or upgrades, and residence or food services infrastructure.

University of Wisconsin System

State Senator Brian Burke  
Co-Chair, Joint Committee on Finance  
Room 316 South, State Capitol

State Representative John Gard  
Co-Chair, Joint Committee on Finance  
Room 315 North, State Capitol

Dear Co-Chairs Burke and Gard:

Accompanying this letter is a copy of the 1999 Report on Undergraduate Drop Rates. We are pleased to announce that both Fall term and Spring term System-wide drop rates have declined significantly compared with the late 1980's. Also, this report marks the tenth consecutive year in which the UW System has achieved the goal of maintaining a drop rate of five percent or less. Of all the UW institutions, only the UW Colleges had an annual drop rate that exceeded the five percent threshold. UW-Milwaukee slightly exceeded the threshold in the Spring semester, but was under the threshold in the Fall semester. Both of these institutions have policies in place that discourage students from registering for classes that they do not intend to complete.

Sincerely,

  
Katharine C. Lyall  
President

UW Chancellors

Annual Report on Fall 1999-00  
Undergraduate Drop Rates

EDUCATION COMMITTEE

Resolution:

That, upon recommendation of the President of the University of Wisconsin System, the Board of Regents accepts the Annual Report on 1999-00 Undergraduate Drop Rates for submission to the Joint Committee on Finance.

## REPORT ON 1999-00 UNDERGRADUATE DROP RATES

### BACKGROUND

In September 1988, the University of Wisconsin Board of Regents passed Resolution 5045 in response to 1987-88 Wisconsin Act 27. Resolution 5045 "directs the UW System Administration to:

1. Monitor course drop rates at all UW System institutions.
2. Require all UW System institutions to reduce or maintain course drop rates during any academic year at no more than five percent of the credit hours registered at the close of the tenth day of classes at the beginning of the fall and spring terms.
3. Directs all UW System institutions whose drop rates exceed five percent, effective in the fall of 1989, to develop and implement plans to reduce the drop rate to five percent. Such plans will be subject to the review and approval of System Administration.
4. Report to the Board of Regents whenever the combined rate of dropped credits across the UW System exceeds five percent in any academic year, beginning in the fall of 1990, and make recommendations for further action by the Board of Regents on UW System add/drop policies."

The Legislature's Joint Committee on Finance passed a motion at its September 1988 Hearing, S13.10, that directed the UW System to report to the committee annually, beginning in 1990, on:

1. Campuses where the undergraduate drop rate exceeded five percent in any semester during that year.
2. The steps being taken to achieve a maximum five percent drop rate at these campuses.

The reporting requirements to the UW Board of Regents and to the Legislature's Joint Committee on Finance differ. UW System Administration is required to report to the Board of Regents whenever the *System-wide* rate of dropped credits exceeds five percent; however, the Legislature's Joint Committee on Finance requires UW System Administration to report annually on *campuses* where undergraduate drop rates exceed five percent in any given semester. In September 1999, the Board of Regents requested that the Joint Committee on Finance eliminate the UW System Report on Undergraduate Drop Rates. Presently, the report remains a legislative requirement.

### REQUESTED ACTION

Acceptance of the Report on 1999 Undergraduate Drop Rates for submission to the Joint Committee on Finance.

## DISCUSSION

For the purposes of Resolution 5045, the UW System 1999 drop rate was below the five percent threshold. The UW System has achieved the intent of Resolution 5045 by reducing the number of System-wide dropped credits. The Fall term System-wide drop rate has fallen from 5.5 percent in the Fall of 1988 to 3.7 percent in the Fall 1999. The Spring term System-wide drop rate has fallen from 5.1 percent in the Spring of 1989 to 3.5 percent in the Spring of 1999. On an annual basis, the drop rate has fallen from 5.3 percent in 1989 to 3.6 percent in 1999.

A report containing the following information will be sent to the Joint Committee on Finance.

Drop rates among UW institutions ranged from 0.9 percent to 8.2 percent in the Spring 1998-99 and from 1.1 percent to 7.8 percent in the Fall 1999-00. Only two institutions, UW Colleges and UW Milwaukee, exceeded the five percent threshold. UW Colleges' Spring 1998-99 drop rate was 8.2 percent and their Fall 1999-00 drop rate was 7.8 percent. UW Milwaukee had a Spring 1998-99 drop rate of 5.04 percent.

UW System continues to monitor the drop rates and it has asked UW Colleges to take action that could reduce their drop rates. In an effort to reduce the drop rate, UW Colleges is continuing to put emphasis on:

1. assessing student preparedness to succeed in college,
2. advising under-prepared students into more developmental math and English courses,
3. scheduling more freshmen orientation sessions dealing with adjusting to college courses and developing more study skills,
4. providing more linked courses and learning community formats to enhance retention through peer support and a more integrated learning experience, and
5. engaging in discussion and pilots to address the retention needs of non-traditional students.

The drop rate for the UW Colleges has remained relatively stable since last year. UW Colleges will continue to use these means to attempt to reduce the drop rate. However, given the mission of UW Colleges and the students they serve, a five percent or lower drop rate will be difficult to achieve in the near future.

UW-Milwaukee's annual drop rate has been, and continues to be, below five percent since 1992. The Fall 1999 drop rate of 5.0 percent was unanticipated and UW-Milwaukee will monitor and review this situation to ensure it does not indicate a trend towards increased dropped credits.

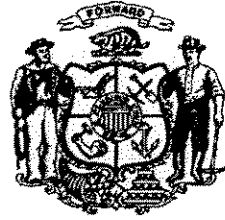

## RELATED REGENT POLICIES

Representative John Gard
Co-Chairs, Joint Committee on Finance
George Lightbourn, Secretary, Department of Administration
FROM: Deborah A. Durcan
Vice President for Finance
RE: QUARTERLY POSITION REPORT, s.16.505(2m)
(June 1, 2000 - October 1, 2000)

Under the provisions of s.16.505(2m), the University of Wisconsin System (UWS) is reporting a net increase of 125.95 full-time equivalent (FTE) positions supported by Nonfederal Gifts and Grants, a net increase of 32.71 FTE positions supported by Federal Contracts, an increase of 12.97 FTE positions supported by Auxiliary and Operating Receipts, a decrease of 1.07 FTE positions supported by Federal Indirect Cost Reimbursement, a decrease of 1.40 FTE positions supported by Trust Funds (Fund 161) and a decrease of 5.81 FTE positions supported by Credit Extension (Fund 189) during this quarter. The changes to authorization levels reflect adding new awards and deleting terminated awards. The 1999-2000 Red Book Budget, adjusted for previously reported increases, is the starting point for the positions, with the ending point being the greater of the 2000-01 Red Book Budget or the October 1, 2000, filled position level.

Table with 8 columns: Gifts and Grants, Federal Contracts, Auxiliary & Operating Receipts, Federal Direct Cost Reimbursement, Trust Funds, Credit Extension, Total. Rows include Adjusted 1999-2000 Budget, Total Change, and October 1, 2000 Authorization.

Attached are schedules that show authorization changes by institution as well as select award information. All positions added to staff new awards, or deleted from terminated awards are separately identified.

## JOINT COMMITTEE ON FINANCE

### MEMORANDUM

To: Members  
Joint Committee on Finance

From: Senator Brian Burke  
Representative John Gard

Date: November 13, 2000

Re: Report of Non-Federal Gift and Grant Expenditures

Attached is a copy of a report from the UW System, pursuant to 1989 Wisconsin Act 50, Section 1.20.907 (Im).

It provides information on expenditures made by the agency during the 1998-99 fiscal year from non-federal funds received as gifts and grants, as well as a listing of gifts-in-kind.

The report is being provided for your information only. No formal action is required by the Committee. Please feel free to contact us if you have any questions.

## JOINT COMMITTEE ON FINANCE

### MEMORANDUM

To: Members  
Joint Committee on Finance

From: Senator Brian Burke  
Representative John Gard

Date: November 15, 2000

Re: UW Research and Public Service Report

Attached is a copy of a report from the UW System, pursuant to s. 36.45 (3), Wis. Stats., which provides information on research and public service projects for which the University of Wisconsin System is expending general purpose revenues.

The report is being provided for your information only. No formal action is required by the Committee. Please feel free to contact us if you have any questions.

TO: Governor Tommy G. Thompson  
Senator Brian Burke, Co-Chair  
Representative John Gard, Co-Chair  
Joint Committee on Finance

FROM: Katharine C. Lyall, President *K. Lyall*  
University of Wisconsin System

RE: Research and Public Service Report

S. 36.45 (3) of the Wisconsin Statutes requires the University of Wisconsin System to report biennially to the Governor and the Joint Committee on Finance the purpose, duration, cost, and anticipated completion date of all research and public service projects for which it is expending general purpose revenues. The Department of Administration and Legislative Fiscal Bureau received copies of the report in the Board of Regents agenda for its November 2000 meeting. At that meeting, the Board approved the report without modifications.

If you need any additional information regarding the research and public service report, please contact Assistant Vice President Larry Rubin (262-6717).
