**MOTION OF THE SENATE COMMITTEE ON  
AGRICULTURE, ENVIRONMENTAL RESOURCES AND  
CAMPAIGN FINANCE REFORM**

MOVED as follows:

1. The Senate Committee on Agriculture, Environmental Resources and Campaign Finance Reform, pursuant to s. 227.19 (4) (b) 2., requests that the Department of Commerce consider modifications to Clearinghouse Rule 98-083 to do all of the following:

a. Incorporate the descriptions of and design requirements for all allowable types of privately owned waste treatment systems in the rule.

b. Establish a process and criteria for proposing new allowable types of privately owned waste treatment systems, to include rule promulgation.

c. Establish a process and criteria for approving experimental privately owned waste treatment systems, to include requirements for the monitoring of the system's functioning and performance.

d. Create additional mechanisms to ensure that inspection and maintenance requirements are fulfilled.

e. Further delay the implementation of appropriate provisions of the rule to allow for evaluation and enhancement of local planning and zoning and for county preparation and staff training.

f. Develop methods for ambient monitoring to obtain information on compliance with groundwater standards by privately owned waste treatment systems.

g. Maintain the policy that a holding tank is the system design of last resort.

h. Establish a mechanism, in cooperation with the Department of Natural Resources, to respond to changes in, and ensure continued compliance with, state groundwater regulations and federal drinking water regulations.

2. The Committee recognizes that the proposed rule is very complex and that many other issues have been presented to and discussed by the Committee. Pursuant to this modification request, the Committee will continue to discuss the proposed rule and anticipates that further proposals for modifications may be made by the Committee or the Department of Commerce.

3. If the Department of Commerce by 4:00 p.m. on August 31, 1999 does not agree, in writing, to consider modifications to Clearinghouse Rule 98-083, the Senate Committee on Natural Resources, pursuant to s. 227.19 (4) (d) 6., Stats., objects to the rule in its entirety on the grounds that the proposed amendment is arbitrary and capricious and imposes an undue hardship.

## MEMORANDUM

To: Members of the Senate Committee on Agriculture, Environmental Resources and Campaign Finance Reform

- Senator Baumgart
- Senator Wirch
- Senator Schultz
- Senator Lasee

From: Alice Clausing, Chair

Re: COM 83 Listening Session

Date: December 15, 1999

---

The Department of Commerce is preparing a memorandum outlining their responses to our Motion of August 31, 1999, requesting that they consider modifications to the proposed COM 83. I will have that distributed to you when it becomes available later this week.

The purpose of the hearing on December 21, 1999, is to provide the Department of Commerce with an opportunity to brief the Committee on the modifications that they intend to make to the proposed Rule and to give Committee members an opportunity to ask questions and/or raise other concerns. The "final" Rule will not have been submitted prior to this meeting, and, therefore, we will not be taking public testimony or executive action. We suggested this process to allow for these discussions between the Committee and the Department to occur before the 10-day statutory timeline is engaged. It is likely that the final rule will be submitted after a similar listening session is held by Rep. Johnsrud on January 5, 2000.

If you have any questions, please contact Bill Wenzel. See you on December 21, 1999.
