## ROCK COUNTY

A Campus of the University of Wisconsin Colleges

TO: Richard A. Grobschmidt, Chairperson  
Members of the Senate Education Committee

FROM: Jane Crisler, Dean, UW-Rock County

SUBJECT: Senate Bill 68

I am writing in support of Senate Bill 68, an important piece of legislation, which stipulates that the annual percentage increase in financial aid programs match the percentage increase in tuition.

Financial aid plays a significant role in enabling individuals to pursue a higher education. Without it, many of the students at my campus would not be able to pursue a degree. But, after increasing to 12 percent in 1990-91, the proportion of financial aid from state sources has declined over the past several years. In 1996-97, financial aid from state sources represented less than one-tenth (8%) of all aid.

The median family income for UW Colleges' freshmen (\$43,605) is the second lowest in the UW System so it is not surprising that approximately one-third of our students receive some form of financial aid. As a matter of fact, 25% of UW Colleges' students fit the definition of low income and 66% fit the definition of first generation college student (neither parent graduated from college).

I am proud of the fact that UW-Rock County is providing an affordable access to a quality education. We have a federally funded TRIO program that provides intensive advising, career counseling and tutoring to approximately 200 educationally at-risk students. Though participants in this program represent less than 25% of our student body, they constitute about one-half of the students on the Dean's List. We also have a community-based program for minority and disadvantaged students that is funded by State GPR as part of the University's budget and is a key component of our Diversity 2008 Plan. Finally, with the support of the UW-Rock County Foundation, Inc. we have developed special programs to meet the unmet financial needs of students impacted by welfare reform and the burgeoning non-English speaking population of the county. Unfortunately these programs serve a very limited number of students, less than twenty each semester. Financial aid is critical to making the promise of access real to residents in our County and maximizes the benefit that the UW can provide to the local economy and quality of life.

This bill will help to ensure affordability for students by stipulating that the percentage of increase of state funds appropriated for the WHEG and Lawton Minority Undergraduate Grant program be commensurate with percentage increases in tuition.

Thank you for your consideration.

Dean's Office
