MOTION: CLEARINGHOUSE RULE 99-126, RELATING TO PRESCRIBING LIMITATIONS FOR ADVANCED PRACTICE NURSE PRESCRIBERS.

Move adoption of the following motion:

Moved: 1. That the Board of Nursing modify CR 99-126 to provide as follows:

(a) Delete the creation of N 8.08 (1m) in the proposed rule.

(b) Create N 8.10(6) and (7) as follows:

(6) To promote case management, the advanced practice nurse prescriber may order laboratory testing, radiographs or electrocardiograms appropriate to his or her area of competence as established by his or her education, training, or experience.

(7) Advanced practice nurse prescribers shall work in a collaborative relationship with a physician. The collaborative relationship is a process in which an advanced practice nurse prescriber is working with a physician, in each other's presence when necessary, to deliver health care services within the scope of the practitioner's professional expertise. The advanced practice nurse prescriber and the physician must document this relationship.

2. That if the Board of Nursing does not agree in writing to make the above modification to CR 99-126 by 5:00 PM on Tuesday, March 21, 2000, the Senate Committee objects to the promulgation of the rule on the grounds set forth in Chapter 227.19(4)(d)5 and moves that Clearinghouse Rule 99-126 be referred to the Joint Committee on the Review of Administrative Rules for appropriate action.
