Re: 1999 SENATE BILL 491

I have reviewed 1999 Senate Bill 491 and strongly support its' passage.

Technological advances in all areas of daily living are occurring at an amazing rate and criminal activity, involving these same technological advances, is also increasing correspondingly. As criminals become more sophisticated in their methods of operation, law enforcement must have the ability to respond in kind. This legislation would provide much needed funding for the technology which is vitally necessary for the law enforcement community to carry out its' mission of protecting the public.

Attached are anticipated technology purchases that the Milwaukee County Sheriff's Department would be able to make as a result of this legislation.

Very truly yours,

Judiciary Committee Hearing/Exec. Session -- March 27, 2000

Recommendations:

1. Take Executive Action on AB 497, AB 174 before the hearing starts so I can begin the paperwork. (These two bills are going to be amended so they need to go back to the Assembly.)
2. Hold public hearing on SB 491 (police technology) next.
3. Take Executive Action on SB 491 so I can begin the paper work.
4. Hold the hearing on the appointments (It is my understanding that only Roberta Harris will be able to appear today)
5. Hold the hearing on the bills.

All the other bills not listed in #1 and #2 do not need to be rushed. They are not going to be amended so they can go on Wednesday's calendar.

\*\*\*Pat Essie has asked that we not take Executive Action on AB 185.

\*\*\*The Municipal Judges Association opposes AB 846 but will not be able send anyone to testify.
