76.01 Railroads and utilities, assessment. The department of revenue shall make an annual assessment of the property of all railroad companies, of all conservation and regulation companies, of all sleeping car companies, of all air carriers and of all pipeline companies, within this state, for the purpose of levying and collecting taxes thereon, as provided in this subchapter.

History: 1971 c. 23; 1979 c. 102 s. 236 (1); 1983 a. 27; 1985 a. 29; 1991 a. 39; 1995 a. 351.

The Department of Revenue formula for determining the portion of an airline system's value subject to Wisconsin taxation does not offend the commerce clause, due process, or this section. *Northwest Airlines, Inc. v. State*, 77 Wis. 2d 152, 252 N.W.2d 337.

76.02 Definitions. In ss. 76.01 to 76.26:

(2) "Company", without other designation or qualification, includes any railroad company, any conservation and regulation company, any express company, any air carrier company, any pipeline company and any sleeping car company, as defined in this section, to which "company" is applied.

(3) "Conservation and regulation company" means any person organized under the laws of this state for the conservation and regulation of the height and flow of water in public reservoirs within this state.

(4) "Department", without other designation, means the department of revenue.

(5) "Pipeline company" means any person that is not a light, heat and power company, as defined by s. 76.28 (1), and that is engaged in the business of transporting or transmitting gas, gasoline, oils, motor fuels or other fuels by means of pipelines.

(6) "Railroad company" means any person owning and operating a railroad, or operating a railroad in this state, or owning or operating any station, depot, track, terminal or bridge in this state, for railroad purposes, except that "railroad company" does not include any county, city, village or town or any combination of them.

(7) "Sleeping car company" means any person that is not a railroad company and that owns any dining, buffet, chair, parlor or sleeping cars that are used upon railroads within this state, unless the ownership of those cars is identical to that of the railroads on which they are operated.

(8) "Special property" means the property of companies that is assessed under ss. 76.01 to 76.26.

(4) Every person, company or companies, as defined in s. 76.02, shall be the representative of every title and interest in the property so operated or used either as owner, lessee or otherwise, and notice to the operating and using company or companies shall be notice to all interests in the property for the purposes of taxation. History: 1979 c. 102 s. 236 (1).

76.07 Assessment. (1) **DUTY OF DEPARTMENT.** The department on or before August 1 in each year in the case of railroad companies and sleeping car companies, and on or before September 15 in the case of air carrier companies, conservation and regulation companies and pipeline companies, shall, according to its best knowledge and judgment, ascertain and determine the full market value of the property of each company within the state.

(2) **RELATION TO STATE VALUATION; DESCRIPTION.** The value of the property of each of said companies for assessment shall be made on the same basis and for the same period of time, as near as may be, as the value of the general property of the state is ascertained and determined. The department shall prepare an assessment roll and place thereon after the name of each of said companies assessed, the following general description of the property of such company, to wit: "Real estate, right-of-way, tracks, stations, terminals, appurtenances, rolling stock, equipment, franchises

and all other real estate and personal property of said company,” in the case of railroads, and “Real estate, right-of-way, poles, wires, conduits, cables, devices, appliances, instruments, franchises and all other real and personal property of said company,” in the case of conservation and regulation companies, and “Real estate, appurtenances, rolling stock, equipment, franchises, and all other real estate and personal property of said company,” in the case of sleeping car and air carrier companies, and “Land and land rights, structures, improvements, mains, pumping and regulation equipment, services, appliances, instruments, franchises and all other real and personal property of said company,” in the case of pipeline companies, which description shall be deemed and held to include the entire property and franchises of the company specified and all title and interest therein.

(3) ASSESSMENT. For the purpose of determining the full market value of the property of each company appearing on the assessment roll, the department may view and inspect the property of such company and shall consider the reports filed in compliance with s. 76.04 and the reports and returns of the company filed in the office of any officer of this state, and other evidence or information bearing upon the full market value of the property of the company assessed. In case of companies which own or use property lying partly within and partly without the state, the department shall value and assess only the property within this state, using the methods under subs. (4g) and (4r). When the full market value of the property of a company within this state has been determined, the amount shall be entered upon the assessment roll opposite the name of the company and shall be the assessment of the entire property of such company within this state for the levy of taxes thereon, subject to review and correction. The department shall thereupon give notice by certified mail to each company assessed of the amount of its assessment as entered upon such roll.

Within 4 years after the due date, or extended due date, of the report under s. 76.04, any person subject to taxation under this subchapter may request the department to make, or the department may make, an adjustment to the data under s. 76.07 (4g) or (4r) submitted by the person. If an adjustment under this section results in an increase in the tax due under this subchapter, the person shall pay the amount of the tax increase plus interest on that amount at the rate of 1% per month from the due date or extended due date of the report under s. 76.04 until the date of final determination and interest at the rate of 1.5% per month from the date of final determination until the date of payment. If an adjustment under this section results in a decrease in the tax due under this subchapter, the department shall refund the appropriate amount plus interest at the rate of 0.75% per month from the due date or extended due date under s. 76.04 until the date of refund. Sections 71.74 (1) and (2) and 71.75 (6) and (7), as they apply to income and franchise tax adjustments, apply to adjustments under this section. Review of the adjustments is as stated in s. 76.08.

Any company aggrieved by the assessment or adjustment of its property thus made may have its assessment or adjustment redetermined by the Dane County circuit court if within 30 days after notice of assessment or adjustment is mailed to the company under s. 76.07 (3) an action for the redetermination is commenced by filing a summons and complaint with that court, and service of authenticated copies of the summons and complaint is made upon the department of revenue. No answer need be filed by the department and the allegations of the complaint in opposition to the assessment or adjustment shall be deemed denied. Upon the filing of the summons and complaint the court shall set the matter for hearing without a jury. If the plaintiff fails to file the summons and complaint within 5 days of service upon the department, the department may file a copy thereof with the court in lieu of the original. The department may be named as the defendant in any such action and shall appear and be represented by its counsel in all proceedings connected with the action but, on the request of the secretary of revenue, the attorney general may participate with or serve in lieu of departmental counsel. In an action for redetermination of an adjustment, only the issues raised in the department's adjustment under s. 76.075 may be raised.

(2) If as the result of an action pursuant to sub. (1) the assessment as found by the department is increased by the court, any resulting increase in the tax shall be collected upon final determination of the action as other taxes levied and assessed under ss. 76.01 to 76.26 are collected.

Any property subject to assessment under this subchapter which has been omitted from assessment or which has not been included in any assessment already made in any of the 5 next previous years by mistake or inadvertence unless previously reassessed for the same year or years, shall be entered by the department upon its assessment and tax roll once additionally for each year so omitted, designating each additional entry as omitted for the year of omission and fixing the valuation and tax to each entry for a former year as the same should then have been assessed according to the best judgment of the department. The proceedings related to an assessment under this section shall be had and hearings given as far as practicable in accordance with this subchapter.

Within 30 days after the conclusion of such hearing the department shall enter an order either affirming the state assessment or ordering correction thereof as provided in sub. (2). A copy of such order shall be sent by certified mail to the company or companies requesting such hearing and to any interested party who has made an appearance in such proceeding. The department may, on its own motion, correct such state assessment. Any company having filed application for review of the state assessment pursuant to this section, or any other interested party participating in such hearing, if aggrieved by the order entered by the department, may bring an action in the circuit court for Dane County within 30 days after the entry of such order to have said order set aside and a redetermination made of the state assessment. In any such action or in any hearing before the department pursuant to this section, any interested party may appear and be heard. An interested party includes any division of government whose revenues would be affected by any adjustment of the state assessment.

(2) Whenever, in reviewing the valuation of the general property of the state, under the provisions of this section, the department shall determine that the valuation last made by it of the general property of the state under s. 70.575 was too high or too low, it shall adjust the next state assessment to correct such error; and any mistake discovered in any return, either by omission or otherwise, of any tax reported, or because of failure to report, shall be considered by the department in fixing the average tax rate for the year following, by adding to or deducting from the total tax returned the amount of such mistake or omission.

76.11 Aggregate of all general property taxes. (1) The department on or before August 15, upon returns from the secretary of state or from county, town, city and village officers, or both, shall ascertain and determine the aggregate tax in the whole state for state, county and local purposes levied on the general property of the state, excluding special assessments on property for local improvements, and when the aggregate of all taxes, state, county and local consolidated is thus ascertained and determined, the amount thereof shall be entered on the records of the department.

(2) When the officers of any county, town, city or village shall have failed to return the amount of state, county and local taxes, levied on property therein within the time required by law, the department may inspect and examine or cause an inspection and

examination of the records of such officers, to procure the required information, and when no return is made and no information can be procured, the state, county and local taxes levied in such town, city or village in the prior year may be used in determining the aggregate taxes specified in sub. (1). Any county, town, city or village officer who shall fail to make the report or reports required by this subchapter shall be subject to a penalty of not less than \$25 nor more than \$150, to be recovered in a proper action in the name of the state of Wisconsin in any court of competent jurisdiction; and any expense necessarily incurred by the department in procuring the information not reported as required by law by any such officer shall be a special charge against the county, town, city or village whose officer shall have so failed to furnish the required information and shall be collected in the same manner as other special charges.

76.125 Net tax rate for commercial and manufacturing property. (1) Using the statement of assessments under s. 70.53 and the statement of taxes under s. 69.61, the department shall determine the net rate of taxation of commercial property under s. 70.32 (2) (a) 2., of manufacturing property under s. 70.32 (2) (a) 3. and of personal property under s. 70.30 as provided in subs. (2) to (6). The department shall enter that rate on the records of the department.

(2) For each taxation district add the assessed values of the property specified in sub. (1).

(3) Multiply the amount under sub. (2) by the taxation district's net tax rate.

(4) Add the amounts under sub. (3) for all taxation districts.

(5) Determine the value, as equalized under s. 70.57, of all the property in this state of the types specified in sub. (1).

(6) Divide the amount under sub. (4) by the amount under sub. (5).

History: 1985 a. 29; 1987 a. 399; 1995 a. 27.

76.126 Average net rate of taxation. The department shall compute the average net rate of taxation by subtracting the aggregate state property tax credits paid under s. 79.10 from the aggregate tax determined under s. 76.11 and dividing that result by the state assessment of the general property of the state upon which those taxes were levied. The department shall enter that rate upon the department's records.

History: 1987 a. 399.

76.13 Levy; tax roll; lien. (1) The department shall compute and levy a tax upon the property of each company defined in s. 76.02, as assessed in the manner specified in ss. 76.07 and 76.08, at the average net rate of taxation determined under s. 76.126. The amount of tax to be paid by each such company shall be extended upon a tax roll opposite the description of the property of the respective companies. The tax rolls for all companies required to be assessed on or before August 1 in each year under s. 76.07 (1) shall be completed on or before August 10, and for all companies required to be assessed on or before September 15 in each year under s. 76.07 (1) shall be completed on or before October 1; and the department shall thereupon attach to each such roll a certificate signed by the secretary of revenue, which shall be as follows:

"I hereby certify that the foregoing tax roll includes the property of all railroad companies, sleeping car companies, air carrier companies, conservation and regulation companies or pipeline companies, as the case may be, defined in s. 76.02, liable to taxation in this state; that the valuation of the property of each company as set down in said tax roll is the full market value thereof as assessed by the department of revenue, except as changed by court judgment, and that the taxes thereon charged in said tax roll have been assessed and levied at the average net rate of taxation in this state, as required by law".

(2) Every tax roll upon completion shall be delivered to the state treasurer and a copy of the tax roll filed with the secretary of

administration. The department shall notify, by certified mail, all companies listed on the tax roll of the amount of tax due, which shall be paid to the department. The payment dates provided for in sub. (2a) shall apply. The payment of one-fourth of the tax of any company may, if the company has brought an action in the Dane County circuit court under s. 76.08, be made without delinquent interest as provided in s. 76.14 any time prior to the date upon which the appeal becomes final, but any part of the tax ultimately required to be paid shall bear interest from the original due date to the date the appeal became final at the rate of 12% per year and at 1.5% per month thereafter until paid. The taxes extended against any company after the same become due, with interest, shall be a lien upon all the property of the company prior to all other liens, claims and demands whatsoever, except as provided in ss. 292.31 (8) (i) and 292.81, which lien may be enforced in an action in the name of the state in any court of competent jurisdiction against the property of the company within the state as an entirety.

(2a) Taxes levied under this section shall be paid to the department in semiannual instalments, on May 10 and November 10, on a partially estimated basis. The May 10 payment shall be at least 50% of the total tax assessed for the previous calendar year or 40% of the tax assessed for the current calendar year. Any amounts not paid when due shall become delinquent and shall be subject to interest under s. 76.14. The payment of 25% of the tax of any company may, if the company has brought an action in the Dane County circuit court under s. 76.08, be made without delinquent interest as provided in s. 76.14 any time prior to the date upon which the appeal becomes final, but any part thereof ultimately required to be paid shall bear interest from the original due date to the date the appeal becomes final at the rate of 12% per year and at 1.5% per month thereafter until paid. Companies with a tax liability under this section of less than \$2,000 are not required to make semiannual payments but shall pay the full amount of taxes due on or before November 10.

(3) If the Dane County circuit court, after such roll is delivered to the state treasurer, increases or decreases the assessment of any company, the department shall immediately redetermine the tax of the company on the basis of the revised assessment, and shall certify and deliver the revised assessment to the state treasurer as a revision of the tax roll. If the amount of tax upon the assessment as determined by the court is less than the amount paid by the company, the excess shall be refunded to the company with interest at the rate of 9% per year upon the certification of the redetermined tax and for that purpose the secretary of administration, upon the certification and delivery of the revised tax roll, shall draw a warrant upon the state treasurer for the amount to be so refunded. If the amount of the tax upon the assessment as determined by the court is in excess of the amount of the tax as determined by the department, interest shall be paid on the additional amount at the rate of 12% per year from the date of entry of judgment to the date the judgment becomes final, and at 1.5% per month thereafter until paid.

76.14 Remedies for nonpayment of taxes. All taxes levied under this subchapter upon the property of any company defined in s. 76.02, which are not paid at the time provided by law, shall thereupon become delinquent and bear interest at the rate of 1.5% per month until actually paid. The neglect of any such company to pay the taxes and interest so required of the company within 60 days after the entry of final judgment dismissing in whole or in part any action of the company to restrain or set aside a tax, or the neglect of the company within 60 days after the entry of final judgment in favor of the state for the taxes and interest to pay the judgment shall be cause for forfeiture of all the rights, privileges and franchises granted by special charter or obtained under general laws, by or under which the company is organized and its business is operated. The attorney general upon such neglect shall

proceed by action to have forfeiture of such rights, privileges and franchises of the company duly declared. Any such company, at any time before the final judgment for forfeiture of such rights, privileges and franchises is rendered, may be permitted upon good cause shown to pay the taxes, interest and the costs of the action upon special application to the court in which the action is pending upon such terms as the court directs.

76.15 Reassessment. (1) If any tax levied under the provisions of s. 76.13 shall be adjudged illegal and nonenforceable, or shall be set aside by any court of the state of competent jurisdiction, it shall be the duty of the department, whether any part of the taxes assessed and levied have been paid or not, to forthwith reascertain and redetermine the value of the property of the companies or the value of the general property of the state or the average rate of taxation throughout the state as may be required; and when such reascertainment and redetermination has been made, to make a duplicate of the original assessment roll and to extend the taxes thereon according to such reassessment, and when such duplicate roll has been made and the taxes extended thereon in the manner provided in this section, it shall be of the same force and effect as the original assessment made in accordance with law. The proceedings for such reassessment and for the extension, payment and collection of taxes upon such duplicate assessment roll shall be conducted in the method originally provided for as near as may be. The department shall fix the time and place for the hearings or proceedings for the reassessment and give notice thereof by mail to the companies.

(2) The power to reassess the property of any company defined in s. 76.02 and the general property of the state, and to redetermine the average rate of taxation, may be exercised under sub. (1) as often as may be necessary until the amount of taxes legally due from any such company for any year under ss. 76.01 to 76.26 has been finally and definitely determined. Whenever any sum or part thereof, levied upon any property subject to taxation under ss. 76.01 to 76.26 so set aside has been paid and not refunded, the payment so made shall be applied upon the reassessment upon the property, and the reassessment of taxes to that extent shall be deemed to be satisfied. When the tax roll on the reassessment is completed and delivered to the state treasurer, the department shall immediately notify by certified mail each of the several companies taxed to pay the amount of the taxes extended on the tax roll within 30 days.

76.16 Separate valuation of docks, piers, wharves, ore yards, elevators, car ferries and pipeline terminal facilities. After the property of a company is first valued as a whole, if any docks, ore yards, piers, wharves, grain elevators or car ferries used in transferring freight or passengers between cars and vessels or transfer of freight cars located on car ferries, or if any terminal storage facilities, docks, pipelines and pumping equipment used in transferring oil from pipelines to vessels shall be included in such valuation, then for the purpose of accounting to the proper taxation districts, the department shall make a separate valuation of each such dock, ore yard, pier, wharf, grain elevator, including the approaches thereto, or car ferries and of each such terminal storage facility, dock, pipeline and pumping equipment. As used herein, an approach shall be an immediate access facility commencing at the switching point which leads primarily to the terminal facility. For the purpose of defining the pipeline terminal facilities affected by this section, such facilities shall begin where the incoming pipeline enters the terminal storage facility site used in the transfer of oil to vessels.

History: 1973 c. 333.

76.17 Immaterial irregularities. No tax assessed upon any of the general property of the state and no average rate determined by said department as herein required, shall be held invalid on account of any assessment or tax roll not having been made or pro-

ceedings had within the time required by law, or on account of the property having been assessed without the name of the owner, or in the name of any corporation or person other than the owner, or on account of any other irregularity, informality or omission, if the method and manner of ascertaining and determining the average rate of taxation on property in this state is in substantial accordance with law.

76.18 Presumption of regularity. The proceedings of the department shall be presumed to be regular and the determination of the department shall not be impaired, vitiated or set aside by any court upon any grounds not affecting the substantial justice of the tax. The provisions in this subchapter prescribing a date or period at or within which an act shall be performed or determination made by the department shall be deemed directory only, and no failure to perform any such act or make such determination at or within the time prescribed therefor shall affect the validity of such act or of any determination made by the department, unless it appears that substantial injustice has resulted therefrom. Nothing in this subchapter shall preclude the court in any proceeding before it under s. 76.08 from redetermining the assessment of the property of any company defined in s. 76.02 when in the judgment of the court the assessment should be substantially less or more than the assessment as determined by the department.

History: 1979 c. 102 s. 236 (1).

(1) The taxes levied upon and extended against the property of any company defined in s. 76.02, after the same become due, with interest thereon, shall become a lien upon the property of such company within the state prior to all other liens, debts, claims or demands whatsoever, except as provided in ss. 292.31 (8) (i) and 292.81, which lien may be enforced in an action in the name of the state in any state court of competent jurisdiction against such company and against the property of such company within the state. The place of the trial shall not be changed from the county in which any such action is commenced, except upon consent of parties.

(2) The action to recover taxes and interest and to enforce the same as a lien shall be an action in equity and shall be commenced and carried on and judgment entered according to the laws of the state and the rules and practice of courts of equity so far as applicable. No reference shall be made to take testimony or to hear, try and determine the issues of fact in the action. The judgment shall fix the amount of taxes and interest, adjudge the same a lien on the property of the company and provide for the sale of such property in 90 days after the entry of judgment upon publication of the notice of sale as a class 3 notice, under ch. 985. The judgment shall bear interest at the rate of 10% per year from the date of entry until finally paid.

If a general structure is used in part for operating the business of any company defined in s. 76.02 and in part for nonoperating purposes, that general structure shall be assessed for taxation under this chapter at the percentage of its full market value that fairly measures and represents the extent of its use for operating purposes and the balance shall be subject to local assessment and taxation, except that the entire general structure is subject to special assessments for local improvements. All property not necessarily used in operating the business of any company defined in

s. 76.02 is exempted from taxation under this chapter and is subject to local assessment and taxation. The taxes so imposed and paid by such companies shall also be in lieu of all taxes on the shares of stock of such companies owned or held by individuals of this state and such shares of stock in the hands of individuals shall be exempt from further taxation.

(a), such municipalities shall repay to the state for deposit in the transportation fund the amount of such tax so received by them, and the department of administration shall certify the amounts to be repaid to the state to the county clerks of the counties in which such municipalities are located for levy and collection from the municipalities as other state taxes are levied and collected.

(c) If an error in any past distribution roll is discovered, the same may be corrected by making the proper addition to or subtraction from any of the 3 subsequent distribution rolls.

(1) DEFINITIONS. In this section:

(a) “Apportionment factor” means a fraction the numerator of which is the sum of the property factor, the payroll factor and the sales factor and the denominator of which is the number 3.

(b) “Book cost of utility plant” has the meaning set forth in the uniform system of accounts established by the public service commission.

(c) “Department” means the department of revenue.

(d) “Gross revenues” for a light, heat and power company other than a qualified wholesale electric company or a transmission company means total operating revenues as reported to the public service commission except revenues for interdepartmental sales and for interdepartmental rents as reported to the public service commission and deductions from the sales and use tax under

s. 77.61 (4), except that the company may subtract from revenues either the actual cost of power purchased for resale, as reported to the public service commission, by a light, heat and power company, except a municipal light, heat and power company, that purchases under federal or state approved wholesale rates more than 50% of its electric power from a person other than an affiliated interest, as defined in s. 196.52 (1), if the revenue from that purchased electric power is included in the seller's gross revenues or the following percentages of the actual cost of power purchased for resale, as reported to the public service commission, by a light, heat and power company, except a municipal light, heat and power company that purchases more than 90% of its power and that has less than \$50,000,000 of gross revenues: 10% for the fee assessed on May 1, 1988, 30% for the fee assessed on May 1, 1989, and 50% for the fee assessed on May 1, 1990, and thereafter. For a qualified wholesale electric company, "gross revenues" means total business revenues from those businesses included under par. (e) 1. to 4. For a transmission company, "gross revenues" means total operating revenues as reported to the public service commission, except revenues for transmission service that is provided to a public utility that is subject to the license fee under sub. (2) (d), to a public utility, as defined in s. 196.01 (5), or to a cooperative association organized under ch. 185 for the purpose of providing electricity to its members only. For an electric utility, as defined in s. 16.957 (1) (g), "gross revenues" does not include public benefits fees collected by the electric utility under s. 16.957 (4) (a) or (5) (a). For a generator public utility, "gross revenues" does not include any grants awarded to the generator public utility under s. 16.958 (2) (b). For a wholesale supplier, as defined in s. 16.957 (1) (w), "gross revenues" does not include any public benefits fees that are received from a municipal utility or retail electric cooperative or under a joint program established under s. 16.957 (5) (f). For a municipal utility, "gross revenues" does not include public benefits fees received by the municipal utility from a municipal utility or retail electric cooperative under a joint program established under s. 16.957 (5) (f).

(e) "Light, heat and power companies" means any person, association, company or corporation, including corporations described in s. 66.0813, qualified wholesale electric companies and transmission companies and except only business enterprises carried on exclusively either for the private use of the person, association, company or corporation engaged in them, or for the private use of a person, association, company or corporation owning a majority of all outstanding capital stock or who control the operation of business enterprises and except electric cooperatives taxed under s. 76.48 that engage in any of the following businesses:

1. Generating and furnishing gas for lighting or fuel or both.
2. Supplying water for domestic or public use or for power or manufacturing purposes.
3. Generating, transforming, transmitting or furnishing electric current for light, heat or power.
4. Generating and furnishing steam or supplying hot water for heat, power or manufacturing purposes.

(f) "Payroll factor" means a fraction the numerator of which is the total amount paid in this state during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period, except that compensation solely related to the production of nonoperating revenues shall be excluded from the numerator and denominator of the payroll factor and except that compensation related to the production of both operating and nonoperating revenue shall

be partially excluded from the numerator and denominator of the payroll factor so as to exclude as near as possible the portion of compensation related to the production of nonoperating revenue. Compensation is paid in this state if the individual's service is performed entirely within this state, or if the individual's service is performed both within and outside this state but the service performed outside this state is incidental to the individual's service within this state, or if some of the service is performed in this state and the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in this state or the base of operations or the place from which the service is directed or controlled is not in any state in which part of the service is performed and the individual's residence is in this state.

(g) "Property factor" means a fraction the numerator of which is the average book cost of utility plant located in this state for the tax period and the denominator of which is the average book cost of utility plant located everywhere for the tax period. The average book cost of utility plant shall be determined by averaging the beginning and year end balances at original cost, including construction work in progress, but the secretary of revenue may require the averaging of monthly book costs during the tax period if that is reasonably required to reflect properly the average value of the taxpayer's property.

(gm) "Qualified wholesale electric company" means any person that owns or operates facilities for the generation and sale of electricity to a public utility, as defined in s. 196.01 (5), or to any other entity that sells electricity directly to the public, except that "qualified wholesale electric company" does not include any person that sells less than 95% of its net production of electricity or that does not own, operate or control electric generating facilities that have a total power production capacity of at least 50 megawatts.

(j) "Transmission company" has the meaning given in s. 196.485 (1) (ge).

(2) IMPOSITION. (a) There is imposed on every light, heat and power company an annual license fee to be assessed by the department on or before May 1, 1985, and every May 1 thereafter measured by the gross revenues of the preceding year at the rates and by the methods set forth under pars. (b) to (d). The fee shall become delinquent if not paid when due and when delinquent shall be subject to interest at the rate of 1.5% per month until paid. Payment in full of the May 1 assessment constitutes a license to carry on business for the 12-month period commencing on the preceding January 1.

(b) For private light, heat and power companies, for 1985, an amount equal to the apportionment factor multiplied by the sum of:

1. Gross revenues from the sale of gas services multiplied by 0.47%; and
2. All other gross revenues multiplied by 1.63%.

(c) Except as provided under par. (e), for private light, heat and power companies for 1986 and thereafter, an amount equal to the apportionment factor multiplied by the sum of:

1. Gross revenues from the sale of gas services multiplied by 0.97%; and
2. All other gross revenues multiplied by 3.19%.

(d) Except as provided under par. (e), for municipal light, heat and power companies, an amount equal to the gross revenues, except gross revenues from operations within the municipality that operates the company, multiplied by the rates under par. (b) or (c).

(e) For transmission companies, an amount equal to the gross revenues multiplied by the rates under par. (c).

(3) PAYMENTS. (a) On or before May 10, 1985, each light, heat and power company shall pay to the department a license fee for 1985 as imposed under sub. (2).

(b) Beginning with calendar year 1985, a portion of the license fees imposed under sub. (2) shall be paid to the department on an estimated basis. Payment of 45% of the total estimated liability of the May 1, 1986, assessment is due on or before May 10, 1985. The remainder of the May 1, 1986, assessment is due on or before November 10, 1985. Settlement for overpayments and underpayments of the May 1, 1986, assessment shall be made by the methods under par. (c).

(c) Beginning with calendar year 1986, the license fees prescribed by sub. (2) shall be paid to the department on an estimated basis. Remittances of semiannual instalments of the total estimated payments for the then current calendar year shall be due on or before May 10 and November 10 of the current year. With respect to the license fee assessment under sub. (2) (a), each light, heat and power company shall, on each May 10, pay or be credited an amount which is equal to the difference between the May 1 assessment and the sum of the semiannual instalment payments made in the preceding calendar year. The additional amount shall be added to the semiannual instalment due on May 10; if there has been an overpayment the amount of the overpayment shall be credited to the semiannual instalment due May 10. If any light, heat and power company that has a liability for the current year fails to make semiannual payments of at least 55% of the assessed liability for the current calendar year or 50% of the assessed liability for the subsequent calendar year, any amounts not paid when due shall become delinquent and shall be subject to interest at the rate of 1.5% per month.

(d) Light, heat and power companies with a liability under this section of less than \$2,000 are not required to make an instalment payment but shall pay the full amount of the license fees due on or before May 10 of the year of assessment.

(4) REDETERMINATION. (a) If after filing the reports specified in sub. (7) and after the department's computation and assessment of license fees under sub. (2) it is determined that the amount of gross revenues reported is in error, the department shall compute the additional license fee to be paid or the amount of the overpayment of license fee to be refunded, as the case may be. If an additional license fee is due, the department shall give notice to the light, heat and power company against whom the license fee is to be levied. All such additional assessments and claims for refunds for excess license fees paid are subject to the same procedure for review and final determination as additional income or franchise tax assessments and claims for refunds under ch. 71 as far as the same may be applicable, except that appeals of denials of claims for refunds shall be made directly to the tax appeals commission and except that the additional license fees shall become delinquent 60 days after notice provided in this subsection or, if review proceedings are held, 60 days following final determination of the review proceedings. All additional license fees shall bear interest at the rate of 12% per year from the time they should have been paid to the date on which the additional fees shall become delinquent if unpaid.

(b) In the case of overpayments of license fees by any light, heat and power company under par. (a), the department shall certify the overpayments to the department of administration, which shall audit the amount of the overpayments and the state treasurer shall pay the amounts determined by means of the audit. All refunds of license fees under this subsection shall bear interest at the annual rate of 9% from the date of the original payment to the date when the refund is made. The time for making additional lev-

ies of license fees or claims for refunds of excess license fees paid, in respect to any year, shall be limited to 4 years after the time the report for such year was filed.

(5) REMEDIES. Delinquent license fees of any light, heat and power company, together with penalties and interest, for a lien upon all property of such company prior to all other liens, claims and demands, which lien may be enforced in an action in the name of the state in any court of competent jurisdiction against the property of such company within the state as an entirety. The remedies for nonpayment of taxes specified in s. 76.14 apply to nonpayment of license fees, penalties and interest referred to under this section.

(6) ADMINISTRATION. (a) The records, books, accounts and papers of any light, heat and power company are subject to inspection and examination by the secretary of revenue or by the person that the secretary designates for that purpose.

(b) If any light, heat and power company that is required under this section to file a report fails to file a report within the time prescribed by law or as extended under sub. (7), unless it is shown that the failure is due to reasonable cause and not due to wilful neglect, there shall be added to the amount required to be shown as license fees on the report 5% of the amount of such fees if the failure is for not more than one month, with an additional 5% for each additional month or fraction thereof during which the failure continues, not exceeding 25% in the aggregate.

(c) If any light, heat and power company fails to make a report as required by sub. (7) within the time required, the department may enter an assessment against such company in a sum representing the approximate amount of the license fees, together with penalties and interest, for which such company may be liable as estimated by the department. Notice of such assessment shall be given by certified mail, and unless a report conforming to the requirements of this section is filed within 15 days of such notice, such estimated assessment shall become final. Thereafter the light, heat and power company assessed shall be forever barred from questioning the correctness of the same in any action or proceeding.

(7) REPORTS. Every light, heat and power company shall, on or before March 1 in each year, make and return to the department in the form and upon the blanks the department prescribes a true statement of the operation of its business during the preceding calendar year, including provision of the "amount shown in the account plus leased property" for purposes of the payment to municipalities and counties under s. 79.04. That statement shall be certified by the president and treasurer of the company or 2 of the company's principal officers. For sufficient reason shown, the department may, upon written request, allow any further time for making and filing the report that it deems necessary but not to exceed 30 days. If any company fails to file that report within the time prescribed or as extended under this subsection, the department shall add to the taxes due from that company \$25, and no company may contest the imposition of that penalty in any action or proceeding.

(8) TRANSFER OF OWNERSHIP. If any light, heat or power company discontinues service through sale, merger or abandonment of its property or otherwise, the company acquiring that property or undertaking to provide service in the area of the former company shall assume the license fees due under this section, but the liability of the acquiring company is limited to those license fees which have accrued from January 1 of the previous calendar year to the date of the order of the public service commission approving the sale, merger or discontinuance of service.

(9) PROPERTY SUBJECT TO LOCAL TAX. The license fees imposed by this section upon the gross revenues of light, heat and power companies as defined in sub. (1) (e) shall be in lieu of all other taxes on all property used and useful in the operation of the business of such companies in this state, except that the same shall be subject to special assessments for local improvements. If a general structure is used and useful in part in the operation of the business of those companies in this state and in part for nonoperating purposes, the license fees imposed by this section are in place

of the percentage of all other taxes on the property that fairly measures and represents the extent of the use and usefulness in the operation of the business of those companies in this state, and the balance is subject to local assessment and taxation, except that the entire general structure is subject to special assessments for local improvements. Property under s. 76.025 (2) shall not be taxed under this section, but shall be subject to local assessment and taxation.

(10) STANDING TO CHALLENGE ASSESSMENT. In case any light, heat or power company fails to make a report as required by sub. (7) within the time required, the department may enter an assessment against that company in a sum representing the approximate amount of the license fees, together with penalties and interest, for which that company may be liable as estimated by the department. Notice of that assessment shall be given by certified mail, and unless a report conforming to the requirements of this section is filed within 15 days of that notice, that estimated assessment shall become final. Thereafter the light, heat or power company assessed shall be forever barred from questioning the correctness of the assessment in any action or proceeding.

(11) PAYMENT BEFORE CONTESTING. No action or proceeding, except a petition for redetermination under sub. (4), may be brought by a light, heat or power company against this state to contest any assessment of a tax under this section unless the taxpayer first pays to this state the amount of tax assessed. If the taxpayer prevails in an action or proceeding, this state shall settle with the taxpayer, including payment of interest at 9% per year on the amount of the money paid from the date of payment until the date of judgment.

76.30 Confidentiality provisions. (1) DIVULGING INFORMATION. Except as provided in sub. (2), no person may divulge or circulate or offer to obtain, divulge or circulate any information provided by a company taxed under this subchapter, except a company taxed under s. 76.28, to the department, including information which may be furnished by the department as provided in this section. This subsection does not prohibit publication by any newspaper of information lawfully derived from that information for purposes of argument or prohibit any public speaker from referring to such information in any address. This subsection does not prohibit the department from publishing statistics classified so as not to disclose the identity of particular taxpayers. This subsection does not prohibit employees or agents of the department from offering or submitting any return, claim, schedule, exhibit, writing or audit report or a copy of, and any information derived from, any of those documents as evidence into the record of any contested matter involving the department in proceedings or litigation on state tax matters if that evidence has reasonable probative value.

(2) PERSONS QUALIFIED TO EXAMINE RETURNS FOR SPECIFIED PURPOSES. Subject to sub. (3) and to rules of the department, any information under sub. (1) is open to examination by only the following persons and the contents thereof may be divulged or used only as follows:

(a) The secretary of revenue or any officer, agent or employee of the department.

(b) The attorney general and department of justice employees.

(c) Members of any legislative committee on organization or its authorized agents provided the examination is approved by a majority vote of a quorum of its members and the tax return or claim information is disclosed only in a meeting closed to the public. The committee may disclose information to the senate or assembly or to other legislative committees if the information does not disclose the identity of particular returns, claims or reports and the items thereof. The department shall provide assistance to the committees or their authorized agents in order to identify returns and claims deemed necessary by them to accomplish the review and analysis of tax policy.

(d) Public officers of the federal government or other state governments or the authorized agents of such officers, where necessary in the administration of the tax laws of such governments, to the extent that such government accords similar rights of examination or information to officials of this state.

(e) The person who filed or submitted the information, or to whom the information relates or by the person's authorized agent or attorney.

(f) Any person examining information pursuant to a court order duly obtained upon a showing to the court that the information is relevant to a pending court action or pursuant to a subpoena signed by a judge of a court of record ordering the department's custodian of returns or claims to produce information in open court in a court action pending before the judge.

(g) Employees of the legislative fiscal bureau to the extent that the department considers the examination necessary for those employees to perform their duties under contracts or agreements between the department and the bureau relating to the review and analysis of tax policy and the analysis of state revenue collections.

(h) Employees and members of the public service commission, and employees of the department of transportation, to the extent that the department of revenue considers the examination necessary for those members and employees to perform their duties.

(3) RESTRICTION ON USE OF INFORMATION. The use of information obtained under sub. (2) is restricted to the discharge of duties imposed upon the persons by law or by the duties of their office or by order of a court as provided under sub. (2) (f).

(4) CHARGE FOR COSTS. The department may charge for the reasonable cost of divulging information under this section.

(5) DISTRICT ATTORNEYS. District attorneys may examine information under sub. (1) as follows:

(a) Such information may be examined for use in preparation for any judicial proceeding or any investigation which may result in a judicial proceeding involving the taxes under this subchapter if any of the following applies:

1. The taxpayer is or may be a party to such proceeding.

2. The treatment of an item reflected in such information is or may be related to the resolution of an issue in the proceeding or investigation.

3. The information relates or may relate to a transactional relationship between the taxpayer and a person who is or may be a party to the proceeding which affects or may affect the resolution of an issue in such proceeding or investigation.

(b) When the department allows examination of information under par. (a):

1. If the department has referred the case to a district attorney, the department may make disclosure on its own motion.

2. If a district attorney requests examination of information relating to a person, the request must be in writing, clearly identify the requester and the person to whom the information relates and explain the need for the information. The department may then allow the examination of information so requested and the information may be examined and used solely for the proceeding or investigation for which it was requested.

(c) Such information may be examined for use in preparation for any administrative or judicial proceeding or an investigation which may result in such proceeding pertaining to the enforcement of a specifically designated state criminal statute not involving tax administration to which this state or a governmental subdivision thereof is a party. Such information may be used solely for the proceeding or investigation for which it is requested.

(d) The department may allow an examination of information under par. (c) only if a district attorney petitions a court of record in this state for an order allowing the examination and the court issues an order after finding all of the following:

1. There is reasonable cause to believe, based on information believed to be reliable, that a specific criminal act has been committed.

2. There is reason to believe that such information is probative evidence of a matter in issue related to the commission of the criminal act.

3. The information sought to be examined cannot reasonably be obtained from any other source, unless it is determined that, notwithstanding the reasonable availability of the information from another source, the information constitutes the most probative evidence of a matter in issue relating to the commission of such criminal act.

(e) If the department determines that examination of information ordered under par. (d) would identify a confidential informant or seriously impair a civil or criminal tax investigation, the department may deny access and shall certify the reason therefor to the court.

76.39 Car line taxes. (1) For the purposes of this section:

(b) “Car line company” means any person, not operating a railroad, engaged in whole or in part in the business of leasing or furnishing car line equipment to a railroad.

(c) “Car line equipment” means any railroad car or other equipment used in railroad transportation under an agreement providing for rental of such car or other equipment.

(cm) “Department” means the department of revenue.

(d) “Gross earnings” means all receipts by a car line company from operation of car line equipment.

(e) “Gross earnings in this state” means all gross earnings on intrastate business of a car line company from operation of car line equipment, and also gross earnings on interstate business in the proportion that the Wisconsin car miles are of the total car miles of such interstate business. The gross earnings not based on mileage shall be allocated to this state in the ratio of each carrier’s average annual freight car miles in Wisconsin to the carrier’s total freight car miles in all states.

(2) There is levied annually a gross earnings tax in lieu of all property taxes on the car line equipment of a car line company equal to 3% of the gross earnings in this state. Every railroad company operating in this state shall, upon making payment to each car line company for use of its cars, withhold 3% of the amount constituting the gross earnings in this state of such car line company.

(3) Every railroad company operating in this state shall file annually with the department, on or before April 15, on a form prepared by the department, a true and accurate statement of all rentals paid to each car line company during the previous calendar year and shall remit to the department the amount of the tax required to be withheld under sub. (2). Every car line company, which during the previous calendar year has received gross earnings in this state from a source other than a railroad company operating in this state, shall, on or before April 15, on a form prepared by the department, file with the department a true and accurate statement of such gross earnings in this state and the name of the company from which received and shall remit to the department the amount of the tax imposed under sub. Upon written request received by the department before April 15, the department may grant an extension of not to exceed 30 days for the filing of the report and the payment of the taxes levied in this section. If any railroad company or car line company fails to file such report when due, or as extended by the depart-

ment, unless it is shown that the failure is due to reasonable cause and not due to wilful neglect, there shall be added to the amount required to be shown as gross earnings tax on the report 5% of the amount thereof if the failure is for not more than one month, with an additional 5% for each additional month or fraction thereof during which the failure continues, not exceeding 25% in the aggregate. If any railroad company or car line company fails to pay all taxes due within the time prescribed or as extended by the department, the unpaid taxes shall be delinquent, and shall be subject to interest under sub. (4). All taxes, late filing fees, penalties and interest shall be deposited in the general fund.

(3a) The tax due under this section shall be paid to the department. Payments of semiannual instalments of the total liability for the calendar year shall be due on or before September 10 of the year prior to the assessment and on April 15 of the year of the assessment. If any railroad company or car line company fails to pay on or before September 10 at least 50% of the tax liability for the current calendar year or 50% of the tax liability for the subsequent calendar year, the amount not paid is delinquent and is subject to interest under sub. (4) (c). If any railroad company or car line company fails to pay on or before April 15 the difference between the current year’s assessment and the amount paid toward that assessment, the amount not paid is delinquent and is subject to interest under sub. (4) (c). Companies with a tax liability under this section of less than \$2,000 are not required to make semiannual payments but shall pay the full amount of taxes due on or before April 15 of the year of the assessment.

(4) (a) The records, books, leases and all accounts pertaining to the car line business of any railroad or car line company shall be subject to audit by the department. In any case in which it is determined that the amount of tax paid was in error, the department shall determine the additional tax or refund, as the case may be.

(b) Additional assessments may be made provided notice thereof is given within 4 years of the date the annual statement was filed; however, if no statement was filed or if the statement filed was incorrect and was filed with intent to defeat or evade the tax, an additional assessment may be made at any time upon the discovery of gross earnings in this state by the department. Refunds may be made provided claim therefor is filed in writing with the department within 4 years of the date the annual statement was filed.

(c) All additional assessments and claims for refund shall be subject to the same procedure for review and final determination as is provided with respect to additional assessments and refunds of income or franchise taxes in chs. 71 and 73, except that appeals of denials of claims for refunds shall be made directly to the tax appeals commission and except as the same may conflict with this section. Delinquent taxes shall be subject to interest at the rate of 1.5% per month until paid.

(d) All refunds shall be certified by the department to the department of administration which shall audit the amount of the refunds and the state treasurer shall pay the amount, together with interest at the rate of 9% per year from the date payment was made. All additional taxes shall bear interest at the rate of 12% per year from the time they should have been paid to the date upon which the additional taxes shall become delinquent if unpaid.

(5) Delinquent taxes, penalties, interest and late filing fees shall be a lien upon the property of any railroad company or car line company prior to all other liens, claims and demands, except as provided in ss. 292.31 (8) (i) and 292.81, which lien may be enforced in any action in the name of the state in any court of competent jurisdiction. All provisions of law for enforcing payment of delinquent income or franchise taxes under ch. 71 or enforcing payment of delinquent taxes based on the value of property under this chapter shall be available to collection of taxes on gross receipts in this state levied under this section.

76.46 Powers of investigation. (1) The department may, whenever in its opinion such action is necessary, examine or cause to be examined the books and records of any railroad company or car line company in order to verify the accuracy of the reports submitted to the department.

(2) If any railroad company defined in s. 76.02, or any car line company defined in s. 76.39, refuses or neglects to make any reports required under subch. I, or refuses or neglects to permit an examination of its books and records, accounts and papers, when requested so to do by the department, or refuses or neglects to appear before the department in obedience to its summons, it shall be estopped to question or impeach the action or determination of the department, or validity of any assessment made by the department.

(b) “Book cost of utility plant” has the meaning set forth in the uniform system of accounts prescribed by the U.S. rural electrification administration in bulletin 181–1, dated January 1, 1978.

(c) “Electric cooperative” means a cooperative association organized under ch. 185 that carries on the business of generating, transmitting or distributing electric energy to its members at wholesale or retail.

(d) “Gross revenues” means total operating revenues, except revenues for interdepartmental sales and for interdepartmental rents, less deductions from the sales and use tax under s. 77.61 (4) and, in respect to any electric cooperative that purchases more than 50% of the power it sells, less the actual cost of power purchased for resale by an electric cooperative, if the revenue from that purchased electric power is included in the seller’s gross revenues or if the electric cooperative purchased more than 50% of the power it sold in the year prior to January 1, 1988, from a seller located outside this state. For an electric cooperative, “gross revenues” does not include grants awarded to the electric cooperative under s. 16.958 (2) (b). For a retail electric cooperative, “gross revenues” does not include public benefits fees collected by the retail electric cooperative under s. 16.957 (5) (a), public benefits fees received by the retail electric cooperative from a retail electric cooperative or municipal utility under a joint program established under s. 16.957 (5) (f). For a wholesale supplier, as defined in s. 16.957 (1) (w), “gross revenues” does not include any public benefits fees that are received from a municipal utility, as defined in s. 16.957 (1) (q), or retail electric cooperative or under a joint program established under s. 16.957 (5) (f).

(dm) “Municipal utility” has the meaning given in s. 16.957 (1) (q).

(h) “Tax period” has the meaning under s. 76.28 (1) (i).

(1r) Every electric cooperative shall pay, in lieu of other general property and income or franchise taxes, an annual license fee equal to its apportionment factor multiplied by its gross revenues

multiplied by 3.19%. Real estate and personal property not used primarily for the purpose of generating, transmitting or distributing electric energy are subject to general property taxes. If a general structure is used in part to generate, transmit or distribute electric energy and in part for nonoperating purposes, the license fee imposed by this section is in place of the percentage of all other general property taxes that fairly measures and represents the extent of the use in generating, transmitting or distributing electric energy, and the balance is subject to local assessment and taxation, except that the entire general structure is subject to special assessments for local improvements.

(2) Every electric cooperative shall on or before March 15 in each year make and return to the department of revenue, in the form and upon the blanks that the department prescribes and furnishes, a true statement of the gross receipts from the operation of its business during the preceding calendar year together with such other information that the department requires to enforce this section. The statement shall be verified by the president and treasurer of the electric cooperative making the return. Upon written request, the department may grant an extension of not to exceed 30 days within which to file the return. The department shall notify each electric cooperative of the amount of the license fees so assessed. The fees shall become delinquent if not paid when due and when delinquent shall be subject to interest at the rate of 1.5% per month on the amount of license fee until paid. The interest shall be collected by the department and, upon collection, forwarded to the state treasurer and retained by the state. The payment dates provided for in sub. (3a) shall apply.

(3a) License fees due under this section shall be paid to the department on an estimated basis. Payments of semiannual instalments of the estimated tax liability for the subsequent year shall be due on or before May 10 and November 10 of the current year. With respect to the license fee assessment under sub. (3), each electric cooperative shall on each May 10 pay or be credited an amount which is equal to the difference between the May 1 assessment and the sum of the semiannual instalment payments made in the preceding calendar year. The additional amount shall be added to the semiannual instalment due on May 10. If there has been an overpayment the amount of the overpayment shall be credited to the semiannual instalment due May 10. If any electric cooperative fails to make semiannual payments of at least 55% of the tax assessed for the current calendar year or 50% of the tax assessed for the subsequent calendar year, any amounts not paid when due shall become delinquent and shall be subject to interest under sub. (3).

(4) All license fees provided in sub. (1r) shall be deposited in the general fund for use of the state.

(5) Additional assessments may be made, if notice of such assessment is given, within 4 years of the date the annual return was filed, but if no return was filed, or if the return filed was incorrect and was filed with intent to defeat or evade the tax, an additional assessment may be made at any time upon the discovery of gross revenues by the department. Refunds may be made if a claim for the refund is filed in writing with the department within 4 years of the date the annual return was filed. Refunds shall bear interest at the rate of 9% per year and shall be certified by the department to the secretary of administration who shall audit the amounts of such overpayments and the state treasurer shall pay the

amount audited. Additional assessments shall bear interest at the rate of 12% per year from the time they should have been paid to the date upon which they shall become delinquent if unpaid.

(6) All additional assessments and claims for refund shall be subject to the same procedure for review and final determination as is provided with respect to additional assessments and refunds of income or franchise taxes under chs. 71 and 73, except that appeals of denials of claims for refunds shall be made directly to the tax appeals commission and except as such procedure conflicts with this section.

(1) DOMESTIC INSURERS. (a) If such insurer is organized under the laws of this state, it shall pay as an annual license fee 3.5% upon its gross income from all sources for the preceding calendar year except interest required to provide and maintain reserves according to the laws of this state, and except premiums collected on policies of insurance and contracts for annuities. No domestic insurer shall, however, in any year pay in the aggregate for license fee as prescribed in this paragraph an amount in excess of the annual license fee which would have been payable by it in such year under sub. (2) had it been operating as a foreign insurer subject to sub. (2). Life insurance policy dividends left with the insurance to accumulate at interest beyond the expiration of the calendar year are not to be treated as dividends "paid in cash" under 76.34 (2), Stats. 1969 [now 76.65]. Because of long-standing adminis-

trative construction, current dividends applied to purchase additional paid-up insurance are not reportable as gross premiums and thus, not taxable under 76.34 (2). Accumulated dividends so applied are reportable and taxable. 59 Atty. Gen. 152.

(2) If another state or foreign country requires a domestic insurer doing business in that state or country to pay taxes greater in the aggregate than the aggregate amount of taxes that a nondomestic insurer doing business in this state would pay, each insurer domiciled in that state or foreign country shall pay to this state for the same year the amount that a domestic insurer doing a similar business would be required to pay to the other state or foreign country.

Section 646.51 (7) is applicable to franchise taxes, income taxes, and fire department dues. Only Wisconsin's assessments are used for offsets against Wisconsin taxes. If assessments are reimbursed, the tax credit should be recaptured. 72 Atty. Gen. 17.

76.67 Reciprocal taxation of foreign insurers. (1) In this section, "taxes" means the taxes imposed on foreign insurers under ss. 76.60, 76.63, 76.65 (2) and 601.93 less offsets allowed against those taxes under s. 646.51 (7) or the amounts imposed on domestic insurers by another state for similar purposes.

(2) No suit may be brought to restrain or enjoin the collection of any license fee or tax imposed or provided for by this subchapter, and the fees required by s. 601.31. Any insurer aggrieved by the payment of any such license or other fee or tax may maintain a suit against the state for the recovery thereof in the circuit court for Dane County within 6 months from the time of the payment. The state may be served in the suit as provided in s. 801.11 (3).

(3) No action may be commenced to compel the issuance of the certificate of authority provided for by chs. 600 to 646 until the license fee imposed by this subchapter and the fees under s. 601.31 have been fully paid.
