2001 BILL

1 AN ACT relating to: funding for the badger care health care program and making
2 appropriations.

Analysis by the Legislative Reference Bureau

Currently, the department of health and family services (DHFS) administers the badger care health care (BadgerCare) program. This program provides health care coverage to eligible low-income families and to eligible low-income children who do not reside with a parent. A family or child is generally considered low-income if the family's or child's income does not exceed 185% of the poverty line.

This bill appropriates an additional \$13,542,500 of general purpose revenue for the BadgerCare program in the 2000-2001 fiscal year. The bill also requires that \$11,237,100 of certain unanticipated federal moneys received under the federal Medicare, federal medical assistance, and federal foster care and adoption assistance programs (income augmentation moneys) lapse to the general fund.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
