

## 2001 ASSEMBLY BILL 59

February 1, 2001 – Introduced by Representative WALKER, cosponsored by Senator ROSENZWEIG. Referred to Committee on Transportation.

1     **AN ACT relating to:** requiring the department of transportation to register and  
2             issue a certificate of title for a motorcycle having a certain vehicle identification  
3             number.

### *Analysis by the Legislative Reference Bureau*

Under current law, a person who owns or possesses a junk vehicle that has not been junked or destroyed must return the certificate of title for the vehicle to the department of transportation (DOT) within ten days after determining the junk condition of the vehicle. A “junk vehicle” is a vehicle that is incapable of operation or use upon a highway and that has no resale value except as a source of scrap or parts or a vehicle that an insurance company owns or possesses if the estimated cost of repairing the vehicle exceeds its fair market value. DOT is prohibited from subsequently issuing a regular certificate of title for a junk vehicle.

This bill requires DOT to register and issue a regular certificate of title for a motorcycle having a vehicle identification number of JYA1AE0036A006292 upon receipt of completed applications and all required fees, notwithstanding the fact that DOT was notified of the junk condition of the vehicle and its certificate of title was returned to DOT.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
