 School Districts WTCS Districts

Fund Sources Affected

- GPR FED PRO PRS SEG SEG-S

Affected Chapter 20 Appropriations

Assumptions Used in Arriving at Fiscal Estimate

Under current law, in a county with a population of less than 500,000, a school board may require periodic health examinations of pupils by physicians. This bill allows a school board to require that a pupil be examined by a physician only if the school board provides a schedule of examinations to the adult pupil, or a minor pupil's parent or guardian at the beginning of each school year and obtains written consent. The school board may conduct an additional examination if it provides the adult pupil or the minor pupil's parent or guardian a revised schedule and obtains written permission.

The department is unaware of any school board that currently requires periodic health examinations by physicians. Unless districts begin this practice, this bill would have no fiscal effect. If districts were to require periodic examinations by physicians, they would incur some costs related to mailing schedules, obtaining and verifying consent forms. Because it is unknown how many school districts may choose to conduct physical examinations of their pupils, the local fiscal effect of this bill is indeterminable.

Long-Range Fiscal Implications
