Assumptions Used in Arriving at Fiscal Estimate

Current law permits a school board to provide instruction in human sexuality, reproduction, family planning, human immunodeficiency virus and acquired immunodeficiency syndrome, prenatal development, childbirth, adoption, available prenatal and postnatal support and male responsibility.

This bill provides that if a school board provides instruction in any of these subjects, it must also offer instruction in marriage and parental responsibility.

Requiring instruction in marriage and parental responsibility may impose some additional costs on districts for materials and staff training. These costs will vary depending on the scope of instruction that each district chooses to offer. The costs are indeterminable.
