

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-1466/1dn
ARG:jld:rs

January 23, 2001

The attached redraft of 1999 AB-505, authorizing a manufacturer's or rectifier's retail sale of intoxicating liquor manufactured or rectified on the premises from fermented fruit juice, limits authorized retail sales to sales for on-premises consumption. Is this your intent? Or do you intend the bill to also allow manufacturers to make retail (in addition to wholesale) sales for off-premises consumption under the described circumstances? (Rectifiers and manufacturers can presently make wholesale sales for off-premises consumption under the existing statute, but only rectifiers, and not manufacturers, can presently make retail sales for off-premises consumption under the existing statute.) In addition, do you wish to include any limitation on the hours during which these sales are permitted under s. 125.68 (4), stats.?
