Analysis by the Legislative Reference Bureau

Under current law, an employer, including the state, employing at least 50 individuals on a permanent basis in this state must permit an employe to take six weeks of family leave in a 12-month period and two weeks of medical leave in a 12-month period if that employe has been employed by the employer for more than 52 consecutive weeks and has worked for the employer for at least 1,000 hours during the preceding 52-week period. Family leave may be taken for the birth or adoptive placement of a new child or to care for a child, spouse or parent who has a serious health condition. Medical leave may be taken when the employe has a serious health condition that makes the employe unable to perform the employe's employment

duties. An employee is not entitled to receive wages or salary while taking family leave or medical leave, but may substitute, for portions of family or medical leave, other types of paid or unpaid leave provided by the employer. An employee who intends to take family or medical leave for the birth or adoptive placement of a child or for planned medical treatment must give the employer advance notice of the birth or adoptive placement or planned medical treatment. In addition, for planned medical treatment, the employee must make a reasonable effort to schedule the medical treatment so that it does not unduly disrupt the operations of the employer.

This bill allows *any* employee of an employer employing at least 50 individuals on a permanent basis in this state to take no more than 16 hours of school conference and activities leave in a 12-month period. School conference and activities leave may be taken to attend school conferences or classroom activities relating to the employee's child that cannot be scheduled during nonworking hours. In addition, school conference and activities leave may be taken to observe and monitor the day care, preschool, or prekindergarten services or programming received by an employee's child, if that observation and monitoring cannot be scheduled during nonworking hours. An employee is not entitled to receive wages or salary while taking school conference and activities leave, but may substitute, for portions of school conference and activities leave, other types of paid or unpaid leave provided by the employer, except that an employee may not substitute paid leave for school conference and activities leave for attending a school conference or activity for less than one hour. An employee who intends to take leave to attend a school conference or activity must give the employer advance notice of the leave and must make a reasonable effort to schedule the leave so that it does not unduly disrupt the operations of the employer.

For purposes of this bill, "school" means a day care center licensed by the department of health and family services, a day care provider certified for funding by a county department of human services or social services, a day care program established or contracted for by a school board, a public, parochial or private preschool or prekindergarten, or a public, parochial or private school that provides an educational program for one or more grades between kindergarten and 12.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
