### *Analysis by the Legislative Reference Bureau*

Under current law, the department of health and family services (DHFS), or a local health department acting as an agent of DHFS, issues permits to and regulates campgrounds and camping resorts and recreational and educational camps.

Under this bill, a campground permit for a special event that is issued by DHFS or by a local health department is not valid unless all town or county permits that are required for the special event are obtained and all conditions for the town or county permit are met. Under the bill, “special event” is defined by DHFS by rule.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
