

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-0144/2dn
RCT:wlj:jf

March 8, 2001

The redraft instructions indicated that only SECTION 2 should have a delayed effective date. However, the appropriation and the position authorization must also be delayed because they depend on fees that only come into existence when s. 173.40 is created.

Please let me know if you have any questions about this proposal.
