2001 BILL

Regen

1 AN ACT *to amend* 121.15 (3m) (a) 1.; and *to create* 121.91 (4) (i) of the statutes;
2 relating to: authorizing a school board to increase the school district's revenue
3 limit.

Analysis by the Legislative Reference Bureau

Current law generally limits the increase in the total amount of revenue per pupil that a school district may receive from general school aids and property taxes in a school year to the amount of revenue increase allowed per pupil in the previous school year increased by the percentage change in the consumer price index. Several exceptions are provided. For example, if a school district increases the services that it provides by adding responsibility for providing a service transferred to it from another governmental unit, its revenue limit is increased by the cost of that service.

This bill provides that a school district's revenue limit is increased by an amount equal to one percent of the statewide average allowable revenue per pupil in the previous school year multiplied by the average number of pupils enrolled in the school district in the current and two preceding school years if the school board adopts a resolution approving the increase by a two-thirds vote. The bill also provides that the additional revenue is not included in the calculation of the amount necessary for the state to fund two-thirds of school costs.

BILL

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
