

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-1147/2dn
RCT:wlj:pg

April 19, 2001

This redraft eliminates the delayed effective date of the draft and authorizes, rather than requires, DATCP to promulgate rules requiring evidence of fish health. The redraft also adds a technical change to s. 29.736 (1) (b).
