1 AN ACT ...; relating to: exempting school districts from the motor vehicle fuel tax.

Analysis by the Legislative Reference Bureau

Under current law, an excise tax is imposed, generally, on gasoline and diesel fuel received by a fuel supplier for sale in this state, for export to this state, or for sale for export to this state. Annually, the department of revenue adjusts the excise tax rate based on the U.S. consumer price index. The excise tax on gasoline and diesel fuel is passed on to the consumer of the gasoline or diesel fuel.

This bill creates an excise tax exemption on gasoline or diesel fuel sold to and used by a school district in this state.

This bill will be referred to the joint survey committee on tax exemptions for a detailed analysis, which will be printed as an appendix to this bill.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 SECTION 1. 78.01 (2) (g) of the statutes is created to read:

3 78.01 (2) (g) Gasoline sold to and used by a school district in this state.

4 SECTION 2. 78.01 (2m) (h) of the statutes is created to read:

5 78.01 (2) (h) It is sold to and used by a school district in this state.

6 SECTION 3. Effective date.

1

(1) This act takes effect on July 1, 2001.

Thanks for the FE on LRB 3029 and 3030. Follow up: If costs are going down for local communities and school districts under these gas tax exemptions, how much will shared revenue disbursements and 2/3's funding to schools decrease? If you can find the answer for that for me, I would appreciate it. So I can give a timeline to my boss & other interested parties, how long do you think it will take Fiscal Bureau to come up with those numbers?

Again, thanks for your help on this,
