2001 BILL

1 AN ACT ...; relating to: raising the bidding threshold for public works contracts
2 let by a town sanitary district.

Analysis by the Legislative Reference Bureau

Generally under current law, a town sanitary district commission is required to let all public works contracts that involve an expenditure of at least \$5,000 to the lowest responsible bidder. Also under current law, in general, a county is required to let all public works contracts that involve an expenditure of at least \$25,000 to the lowest responsible bidder, and a city, village, or town is required to let all public works contracts that involve an expenditure of at least \$15,000 to the lowest responsible bidder.

This bill increases the bidding threshold for a public works contract let by a town sanitary district commission from \$5,000 to \$15,000 before the lowest responsible bidder requirements apply.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
