### ***Analysis by the Legislative Reference Bureau***

This bill requires various state agencies to prepare certain labor-related reports, requires public educational institutions to have job training access policies, and allows a person whose operating privilege was suspended solely for failing to pay a judgment for an ordinance violation unrelated to the operation of a motor vehicle to apply for an occupational driver's license. Specifically, the bill does all of the following:

1. ***Labor Day Report.*** Requires the department of workforce development (DWD), by September 1 of each year, to prepare a report on the labor supply in Wisconsin. The report must describe any critical labor shortage areas identified by DWD by occupation, region, gender, and race. The report must also recommend potential solutions for those critical labor shortages.

2. ***Department of Corrections Study.*** Requires the department of corrections, by March 15, 2003, to report on the availability and effectiveness of programs that provide drug and alcohol abuse treatment, instruction in basic skills such as reading and math, and job skills training to prisoners. The report must

**ASSEMBLY BILL 556**

include an analysis of the enrollment in these programs by race compared with the racial composition of the prison population as a whole. The report must also include suggestions for new programs that would help prisoners enter the workforce and for how current programs could be improved.

3. **Tax Study.** Requires the department of revenue, in cooperation with DWD, by January 1, 2003, to study and report on current workforce development–related tax incentives and to make recommendations for changes in the state’s tax laws to help attract, develop, and retain a highly skilled, highly trained workforce. In developing the report, groups representing employers, employees, taxpayers, and other appropriate groups must be consulted. The report must also analyze similar tax incentives in other states.

4. **Student Loan Forgiveness Study.** Requires the higher educational aids board, by January 1, 2003, to study and report on the cost, desirability, and effectiveness of creating a student loan forgiveness program to attract workers to the state.

5. **Jobs Skills Training Program Report.** Requires DWD to collect information concerning the availability of basic job skills training programs in the state and periodically prepare reports identifying those programs for distribution to local workforce development boards, job centers, and other appropriate organizations. To the extent practicable, the reports must identify available training programs by region.

6. **Job Training Access Policies.** Requires the board of regents of the University of Wisconsin system, each Wisconsin technical college system district board, and each school board in the state to have a policy regarding the use of classrooms and facilities by local organizations and businesses for the purpose of employment–related training. The policy may condition access on payment of a reasonable fee, the availability of space, and the appropriateness of the training and may limit access to activities that are consistent with the mission of the institution, college campus, technical college, or school district.

7. **Occupational Driver’s License Fee.** Allows a person whose operating privilege was suspended solely for failing to pay a judgment for an ordinance violation unrelated to the operation of a motor vehicle to apply for an occupational driver’s license upon payment of a \$10 fee. This fee represents a reduction from the \$40 application fee generally charged for an occupational license.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
