

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRBa0856/?dn
PJK&MGD:.....

1. This amendment prohibits a person from being certified as a certified capital company if the person (destroys embryos). Because the only “persons” who are eligible for the certified capital company tax credit are the insurance companies specified in ss. 76.60, 76.63, 76.65, 76.66, and 76.67 (see s. 76.635 (2), it is not very likely that any certified capital company eligible for the tax credit under s. 76.635 would be engaged in the prohibited activities. Therefore, in this amendment, I also applied the prohibition to the businesses in which a certified capital company may invest (those under s. 560.33).
