Subject: FW: Ballast Water Bill Draft

Importance: High

Becky,

Rep. Gunderson needs an amendment drafted for LRB 3513/1 that addresses the concerns of the DOT. DOT would like our standardized forms to be consistent with the forms used in both Michigan and Canada. I have included an email to me which contains their attorney's suggestion for addressing the problem. If you have any questions, please let me know.

Thanks,

Michael Bruhn
Rep. Scott Gunderson's office

Mike...Thank you for listening to my concerns about the LRB3513/1. As I mentioned when we spoke, industry will be supportive of this bill if the issue of vessel reporting consistency is addressed. I've spoken with our attorney and his suggested language follows:

Add in THREE places"on a standardized form developed by the department to be consistent with forms used in other states and Canadian provinces" The three places in the draft are located on Page 3 - (3)(a)2; Page 4 - (b)3; Page 6 - 2.
