Assumptions Used in Arriving at Fiscal Estimate

This bill contains a provision that would require each technical college district board, among others, to adopt a written policy on who may enter and remain in a locker room used by the school or team to interview or seek information from any person. The policy must reflect the privacy interests of the members of the teams representing the school or the professional athletic team. At this time this the WTCS Board anticipates no additional costs either to the WTCS Board or to the local technical college districts to result from the need to adopt a written policy on locker room access.

Long-Range Fiscal Implications

No long range fiscal implications are anticipated.
