

**DRAFTER'S NOTE**  
**FROM THE**  
**LEGISLATIVE REFERENCE BUREAU**

LRB-3160/P1dn  
RNK:rs&cjs:jf

October 10, 2001

You had requested that this draft prohibit DNR from requiring the removal of fish shanties before the dates specified in the draft from waters in the "northern zone" of the state. The only references I could find to the "northern zone" were contained in certain DNR materials relating to bass management zones. The region described in this draft is based on a description of the northern bass management zone. Because I was not sure whether this region accurately describes the area you intended to be covered, I have prepared this draft in preliminary form. If the description in the draft is accurate, please let me know and I will prepare the draft in final form.

If you have any other questions, please feel free to contact me.
