### ***Analysis by the Legislative Reference Bureau***

This bill allows a physician, physician assistant, or advanced practice nurse to prescribe to a patient a single-dose antibiotic drug for the treatment of chlamydia, gonorrhea, or trichomonas for use by a person with whom the patient has had sexual intercourse if the patient states that the person is not allergic to the drug. Such a prescription may be made for no more than two people in one year with whom the patient has had sexual intercourse. Also, such a prescription may not be made for a controlled substance. In addition, the prescription expires 14 days after it is made.

A physician, physician assistant, or advanced practice nurse who makes such a prescription must provide the patient with written information specified in rules promulgated by the department of health and family services (DHFS). In addition, the physician, physician assistant, or advanced practice nurse must request that the patient provide the written information to the person with whom he or she has had sexual intercourse.

***The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:***

1           **SECTION 1.** 46.03 (45) of the statutes is created to read:

2           46.03 **(45)** SEXUALLY TRANSMITTED DISEASE TREATMENT INFORMATION. Promulgate  
3 a rule specifying the information that a physician, physician assistant, or advanced  
4 practice nurse prescriber must provide, in writing, to a patient under s. 448.035 (3).

5           **SECTION 2.** 441.07 (1) (d) of the statutes is amended to read:

6           441.07 **(1)** (d) Misconduct or unprofessional conduct. In this paragraph,  
7 “misconduct” and “unprofessional conduct” do not include the prescribing of an  
8 antibiotic drug as described in s. 448.035.

9           **SECTION 3.** 441.16 (3m) of the statutes is created to read:

10           441.16 **(3m)** An advanced practice nurse who is certified under sub. (2) may  
11 prescribe an antibiotic drug as described in s. 448.035.

12           **SECTION 4.** 448.015 (4) of the statutes is amended to read:

13           448.015 **(4)** “Unprofessional conduct” means those acts or attempted acts of  
14 commission or omission defined as unprofessional conduct by the board under the  
15 authority delegated to the board by s. 15.08 (5) (b) and any act by a physician or  
16 physician assistant in violation of ch. 450 or 961. “Unprofessional conduct” does not  
17 include the prescribing of an antibiotic drug as described in s. 448.035.

18           **SECTION 5.** 448.035 of the statutes is created to read:

19           **448.035 Prescribing certain antibiotic drugs. (1)** In this section:

20           (a) “Advanced practice nurse prescriber” means a nurse who is certified under  
21 s. 441.16 (2).

7 for use by a person with whom the patient has had sexual intercourse if the patient  
8 states to the physician, physician assistant, or advanced practice nurse prescriber  
9 that the person is not allergic to the drug. The prescription order is required to  
10 include the name and address of the patient, but is not required to include the name  
11 and address of the person with whom the patient has had sexual intercourse. This  
12 subsection does not apply to the prescribing of a substance listed in the schedules in  
13 ss. 961.14, 961.16, 961.18, 961.20, and 961.22 or substances added by the controlled  
14 substances board acting under s. 961.11 (1). A physician, physician assistant, or  
15 advanced practice nurse prescriber may not issue prescriptions under this  
16 subsection for more than 2 persons in one year with whom a particular patient has  
17 had sexual intercourse.

18 (3) At the time of issuing the prescription under sub. (2), the physician,  
19 physician assistant, or advanced practice nurse prescriber shall provide the patient,  
20 in writing, with information specified by the department of health and family  
21 services under s. 46.03 (45) and request that the patient give the information to the  
22 person with whom the patient has had sexual intercourse.

23 (4) A prescription order under sub. (2) shall expire on the 14th day after the  
24 day that it is made.
