

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRBa1283/1dn
MGG:hmh:pg

February 18, 2002

Attention: Mike Bruhn

Concerning the necessity of drafting language stating that the transferor of the Class A license may get a Class B license, I have spoken to Bill Mytton who spoke to DNR Attorney Tim Andryk. Although s. 29.024 (2) (c) says a person may not be issued the same license for the same season, Class A and Class B licenses are different licenses. Both Tim and I agree, therefore, that no additional language is needed.
