**The following will be added to the Wisconsin Education Code:**

Each governing board of a school district will ensure the inclusion of instruction on the requirement for all male students to register with the Selective Service System within 30 days of their 18<sup>th</sup> birthday. This instruction shall be included in the curriculum for high school juniors and will include an explanation of the draft procedures and processes.

TOTAL P.02

## LEGISLATIVE INTENT

"It is the intent of this Legislature in enacting this act to educate the state's young men of the requirement to register with the Selective Service System upon reaching the age of 18. In fulfilling this obligation, young men avoid the penalties associated with failing to register and help ensure that any future draft is fair and equitable to all potential draftees.

The Legislature finds and declares that the penalties associated with non-compliance are severe, including, but not limited to a felony conviction and forfeiture of the ability to seek state employment from certain state agencies and departments. In addition, failure to register may permanently preclude the violator from acquiring many federal benefits, such as federal employment, including employment with the US Postal Service, federal and state student financial assistance, participation in federally funded job training programs and eligibility for US citizenship for immigrants seeking citizenship.

Therefore, in recognition of the severe consequences of non-compliance and the importance of helping to ensure that any future draft is fair and equitable, it is the intent of the Legislature to educate our young men on this requirement and provide instruction on the draft and its processes and functions.
