

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-4299/P2dn
PJK:cs:kjf

December 14, 2001

Don:

1. Should the procedure under s. 703.093 be included in the draft wherever the procedure under s. 703.09 (2) is mentioned? (For example, at the end of s. 703.11 (5).)
2. In s. 703.16 (2) (b), should "projected" refer to "common expenses" instead of to "percentage share"? If it should, is it redundant because of the word "anticipated" in the clause that follows?
