So the ending salary of a legislator and the governor this session is the salary cap for next session?

Draft should change legislators salary to same during 2003/04 session that it is during 2001/02.

Also Governor's pay should be frozen beginning at commencement of new term

The only question would be is do you want the salaries frozen at the 2001-02 level or the 2002-03 level?

Did you get a chance to look into this? Bob would like to send a co-sponsorship out this morning. Is there anything he should know before he does this?

Sounds good. Thank you for looking into this.

In addition, Bob sent the following note:

Draft should change legislators salary to same during 2003/04 session that it is during 2001/02.

Also Governor's pay should be frozen beginning at commencement of new term

I can certainly do a draft for you that would accomplish the result. There are, however, a few legal issues involving legislator compensation that I need to look at. So, can I get back to you in a couple of days with an answer as to how this specifically can be accomplished?

Can you draft a bill that would freeze the salary for legislators for two years?

What are your thoughts or concerns with this proposal?

Thanks,
