~~PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION~~

Submitted

1 **AN ACT to amend** 343.16 (2) (cm) of the statutes; **relating to:** authorization to
2 operate motorcycles (suggested as remedial legislation by the department of
3 transportation).

Analysis by the Legislative Reference Bureau

Under current law, a person may obtain a driver's license to operate a motorcycle if he or she is otherwise qualified and has passed a driving skills test administered by the department of transportation (DOT). However, DOT does not require a person to take a driving skills test if, at the time the person applies for a driver's license, he or she holds a learning permit to operate a motorcycle and the person has successfully completed a basic rider instruction course that is approved by DOT.

Under this bill, DOT may issue a driver's license to operate a motorcycle to a person without requiring the person to take a driving skills test if the person has successfully completed a basic rider instruction course that is approved by DOT, regardless of whether the person holds a learning permit to operate a motorcycle at the time he or she applies for a driver's license.

For further information, see the NOTES provided by the law revision committee of the joint legislative council.
