

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRBa1514/1dn
PJK:cjs:kjf

March 7, 2002

1. It would have been preferable just to get rid of s. 632.835 (2) (b) and substitute these new notice requirements, since the notice requirement under s. 632.835 (2) (b) is made irrelevant by all of these alternate requirements.
2. This amendment should replace LRBa1424 if you prefer these changes. The changes to s. 632.835 (2) (bg) (intro.) are the same in both amendments.
