Analysis by the Legislative Reference Bureau

Under current law, the governor may negotiate and enter into Indian gaming compacts. These compacts are regulated by the federal Indian Gaming Regulatory Act.

This bill requires that before the governor may enter into a gaming compact, the compact must contain a provision requiring that signs stating the expected loss per hour of play for each denomination that may be played on the machine, as determined by the director of Indian gaming, be displayed on all gambling devices authorized by the compact.
