1 **AN ACT to create** 15.157 (13), 20.143 (1) (df), 560.28 and 560.292 of the statutes;
2 **relating to:** establishing a state waterfront development program and
3 creating a council on that program.

Analysis by the Legislative Reference Bureau

This bill requires the department of commerce (department) to establish and administer a state waterfront development program for the purpose of assisting cities, villages, and towns (municipalities) to coordinate, plan, manage, and implement programs for the revitalization of areas that are adjacent to lakes or streams. Revitalization of such areas includes constructing, renovating, and rehabilitating buildings or other improvements to increase economic activity and tourism. Under the program, the department must provide technical assistance, training, and information on revitalization of waterfront areas to municipalities, and must coordinate state grant programs that are available to municipalities for waterfront development. The authorized positions for the department are increased by one for administration of the program.

The bill also creates the council on waterfront development programs (council), which is made up of the secretaries of commerce, tourism, natural resources, and transportation, or their designees, and representatives of a local chamber of commerce, a local visitor and convention bureau, a city, village, or county, a town, the planning profession, the financial community, and the business community. The council is charged with helping the secretary of commerce to develop a plan to operate the state waterfront development program, reviewing the effectiveness of the program, and recommending procedures to improve the program.
