### *Analysis by the Legislative Reference Bureau*

#### *Assembly Rule 44 (3) to (5):*

Currently, the legislative rules provide for one veto review session, which is held in the 2nd year of the biennium. This assembly resolution creates another veto review session, which is to be held in November or December of the first year of the biennium. Unlike the current veto review session, this one will be limited to action on gubernatorial vetoes or partial vetoes.

The assembly resolution also provides that, notwithstanding any contrary instructions by a committee or officer of the assembly:

1. Upon submission to the assembly chief clerk of a petition requesting the opportunity to vote on gubernatorial vetoes and partial vetoes at either veto review floorperiod, which is signed by at least one-fourth of the members of assembly, the chief clerk shall prepare a calendar for the first day of the veto review floorperiod and place all pending vetoes on it; and
2. The assembly shall be in session at that time and shall vote on each pending veto.

*Assembly Rules 39 (4) (c), 62 (3m), and 73 (3) (b):* The rules are amended to distinguish between the veto review session created in the first year of the biennium

by this resolution and the current veto review session held in the second year of the biennium.
