Under current law, a county with a population of 500,000 or more must contribute \$58,893,500 to the state each fiscal year for the department of health and family services to provide child welfare services in the county. The state collects part of that amount by deducting \$20,101,300 from the county's shared revenue payments. Under the bill, beginning in 2004, the deduction from shared revenue payments, for the contribution for child welfare services, is eliminated and the amount that a county with a population of 500,000 or more must contribute each fiscal year for such services is reduced to \$38,792,200.

1 **AN ACT** <sup>DONT  
GEN</sup> relating to: sunsetting the shared revenue program, the public utility  
2 distribution program, the county mandate relief program, the expenditure  
3 restraint program, and the small municipality shared revenue program, and  
4 reducing the contribution for child welfare services from a county with a  
5 population of 500,000 or more.

*Analysis by the Legislative Reference Bureau*  
**LOCAL GOVERNMENT**

Under current law, annually, municipalities and counties receive payments from the state under the shared revenue program, the public utility distribution program, the county mandate relief program, the expenditure restraint program, and the small municipality shared revenue program. This bill sunsets those programs beginning in 2004.

Under current law, a county with a population of 500,000 or more must contribute \$58,893,500 to the state each fiscal year for DHFS to provide child welfare services in the county. The state collects part of that amount by deducting \$20,101,300 from the county's shared revenue payments. Under the bill, beginning in 2004, the deduction from shared revenue payments, for the contribution for child welfare services, is eliminated and the amount that a county with a population of 500,000 or more must contribute each fiscal year for such services is reduced to \$38,792,200.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

DOA:.....Ziegler – Eliminate shared revenue payments

FOR 2001-03 BUDGET — NOT READY FOR INTRODUCTION

1     **AN ACT ...; relating to:** sunsetting the shared revenue program, the public utility  
2     distribution program, the county mandate relief program, the expenditure  
3     restraint program, and the small municipality shared revenue program, and  
4     reducing the contribution for child welfare services from a county with a  
5     population of 500,000 or more.

---

*Analysis by the Legislative Reference Bureau*

**LOCAL GOVERNMENT**

Under current law, annually, municipalities and counties receive payments from the state under the shared revenue program, the public utility distribution program, the county mandate relief program, the expenditure restraint program, and the small municipality shared revenue program. This bill sunsets those programs beginning in 2004.

Under current law, a county with a population of 500,000 or more must contribute \$58,893,500 to the state each fiscal year for DHFS to provide child welfare services in the county. The state collects part of that amount by deducting \$20,101,300 from the county's shared revenue payments. Under the bill, beginning in 2004, the deduction from shared revenue payments, for the contribution for child welfare services, is eliminated and the amount that a county with a population of 500,000 or more must contribute each fiscal year for such services is reduced to \$38,792,200.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
