Study on Federal Funding for Community Health Centers

[LFB Paper #1167]

Motion:

Move to require DHFS, in consultation with the statewide primary health care association, to conduct a review of federal funding available to health clinics and organizations under section 330 of the Public Health Service Act. Require the study to include: (1) a review of statutory, regulatory and policy requirements for grantees currently supported under the program, as well as organizations that do not currently receive funds; and (2) suggestions for expanding the number of federally qualified health centers in Wisconsin and the number of sites operated by organizations currently funded under the program, and other ways to increase the amount of federal funding for Wisconsin health care clinics. Require DHFS to submit a report to the Joint Committee on Finance and the chief clerk of each house of the Legislature for distribution under section 13.172 of the statutes no later than June 30, 2002.

(3)

Note:

Health centers that are designated as federally qualified health centers (FQHCs) are eligible to receive funding under the federal Public Health Services Act. In 2001-02, 14 centers in Wisconsin qualified for the program. Health centers apply directly to the federal government for designation as a FQHC and for grant funds. FQHCs may receive more funding if they can demonstrate that they are expanding the populations they serve through the establishment of new delivery sites. In addition, new centers that receive FQHC designation are eligible for funding. Therefore, federal funding to health care centers in the state could be increased if current centers can demonstrate that they have expanded services, and new centers could achieve federal designation.

This motion would require DHFS, in consultation with the statewide primary health care association, to review the statutory, regulatory and policy requirements for centers currently receiving federal funds, as well as other organizations that may be eligible for funds. The study would include suggestions for expanding the number of federally designated centers in the state and the number of sites operated by current participating centers, and other ways to increase federal funding for health centers. DHFS would be required to submit the results of the study to the Committee and the Legislature no later than June 30, 2002.

LFB:.....Jakel (CM) – Study on federal funding for community health centers
FOR 2001-03 BUDGET — NOT READY FOR INTRODUCTION
ASSEMBLY AMENDMENT ,
TO ASSEMBLY BILL 1

1 At the locations indicated, amend the bill as follows:

2 1. Page 392, line 2: after that line insert:

3 “^{3f}STUDY OF FEDERAL PRIMARY HEALTH CARE FUNDING. (a) In this subsection,
4 “federally qualified health center” has the meaning given in 42 USC 1396d (L) (2) (B).

5 (b) The department of health and family services shall, in consultation with the
6 Wisconsin Primary Health Care Association, Inc., study aspects of federal primary
7 health care funding that is available to public and private nonprofit entities under
8 42 USC 254b. The study shall include all of the following:

9 1. A review of statutory, regulatory, and policy requirements for grantees and
10 potential grant applicants.

11 2. Suggestions for expanding the number of federally qualified health centers
12 in Wisconsin; the number of sites operated by entities currently funded under 42

1 USC 254b; and other ways to increase the amount of federal funding for Wisconsin
2 health care clinics.

3 (c) By June 30, 2002, the department of health and family services shall submit
4 a report of the study under paragraph (b) to the legislature in the manner provided
5 under section 13.172 (3) of the statutes and to the joint committee on finance.”
