Paper #1222

General School Aids Funding Determination (DPI)

[LFB Summary of the Governor's Budget Reform Bill: Page 72, #3]

CURRENT LAW

For purposes of the two-thirds funding goal, state funding is defined as the sum of state general and categorical school aids, the school levy tax credit and the general program operations appropriation for the Wisconsin School for the Deaf and the Wisconsin Center for the Blind and Visually Impaired. With certain exceptions, partial school revenues is defined as the sum of state school aids and property taxes levied for school districts. Under current law, each year by May 15, the Departments of Public Instruction and Administration and the Legislative Fiscal Bureau must jointly certify to the Joint Committee on Finance an estimate of the amount of funding necessary to appropriate for general school aids which, in combination with the amounts provided in the other state aid, levy credit and operations appropriations, would achieve the two-thirds funding level in the following school year. Annually, by June 30 the Joint Committee on Finance must determine the amount to be appropriated for general school aids in the following school year. The statutory language for the general school aids appropriation states that the amount appropriated is a sum sufficient equal to the amount determined by Joint Finance under the certification process.

GOVERNOR

Specify that, by June 30, 2004, and biennially by June 30 thereafter, the Joint Committee on Finance determine the amount of funding appropriated for general school aids for the following year. Specify that the general school aids appropriation for the 2004-05 fiscal year would be a sum sufficient equal to the amount determined by Joint Finance.

The bill would specifically set the general school aids funding level for 2002-03 statutorily and state that the funding for 2004-05 would be set under the current law process. DOA staff indicate that the intent for 2003-04 and subsequent even-numbered fiscal years would

a. The general school aids appropriation for the 2003-04 fiscal year, and every even-numbered fiscal year thereafter, would be a sum sufficient equal to the amount set by law, and clarify that the 2004-05 process would apply to that year and every odd-numbered fiscal year thereafter.

b. The May 15 certification requirement for DPI, DOA and LFB would not apply in 2002.

3. Maintain current law.
