state border or to any rest area that may be located near the Village of Belmont in Lafayette County. Specify that the total amount of any proposed expenditures or encumbrances that DOT does not make in the 2001-03 biennium as a result of this provision shall be expended or encumbered in the 2001-03 biennium to reopen previously closed rest areas or to keep open rest areas that are proposed for closure in areas where other rest areas and motorist services are not available. (This was in the budget bill, but was vetoed I think.)

9. Require DOT to design the reconstruction of the Marquette Interchange and I-94 in Milwaukee and Waukesha Counties to allow for expansion of capacity for vehicular traffic on those highways to meet the projected vehicular traffic capacity needs, as determined by the Department, for 30 years following the completion of the reconstruction of those highways. (This was also in the budget bill.)

- X
10. Specify that, in administering the local roads for job preservation program, DOT may specify the type of pavement to be used in any project under the program to ensure that alternatives are chosen that lead to the greatest long-term cost effectiveness. (or something like that)

Okay. That's it for now.
