**Subject:** FW: ARC adopted provisions

-----Original Message-----

**From:** Dyck, Jon  
**Sent:** Saturday, March 09, 2002 12:27 PM  
**To:** Fast, Timothy  
**Subject:** ARC adopted provisions

They've passed 10 items so far.

1. Eliminate a current law requirement that DOT get approval of the Joint Committee on Finance prior to using bond proceeds for passenger rail improvements between Milwaukee and Green Bay or Milwaukee and Madison or for passenger rail station improvements and, instead, prohibit DOT from using these bond proceeds unless the project is enumerated in the statutes. Prohibit DOT, beginning on January 1, 2003, from spending any funds on passenger rail route development if the anticipated expenditures for the project exceed 20% of the total cost of the project, but specify that this restriction does not apply to expenditures on activities that DOT would have to conduct in order to become eligible for federal participation on a passenger rail project.
2. AB 732 without the bonding authorization. The only thing is the provision requiring TEA projects to be awarded on an ongoing basis.
3. Direct the Department of Transportation to modify the Department's administrative rule related to the regulation of outdoor advertising to specify that no initial or annual permit fees may be charged for off-premises signs that are owned by nonprofit organizations.
4. AB 868
5. Assembly Amendment 1 to AB 593, minus the \$200,000 in 2001-02. In other words, provide the money only in 2002-03.
6. Require DOT to issue license plates for motorcycles that are four inches by seven inches in size and specify that the plates must have black lettering on a white background, beginning on the first day of the ninth month beginning after the effective date of the bill. Delete a provision, effective on the general effective date of the bill, that requires motorcycle veterans plates to be four inches by seven inches in size and, instead require such plates to be four inches by seven inches in size beginning on the first day of the ninth month beginning after the effective date of the bill.
7. SB 464
8. Prohibit DOT from constructing any rest area along or in close proximity with a state trunk highway at a location that is within a radius of five miles from an exit from the highway that provides access to motorist services, as defined for the purposes of the specific information sign program, first applying to construction of rest areas commenced on the effective date of the bill. Specify that this restriction does not apply to rest areas to be located within five miles of

03/10/2002

the state border or to any rest area that may be located near the Village of Belmont in Lafayette County. Specify that the total amount of any proposed expenditures or encumbrances that DOT does not make in the 2001-03 biennium as a result of this provision shall be expended or encumbered in the 2001-03 biennium to reopen previously closed rest areas or to keep open rest areas that are proposed for closure in areas where other rest areas and motorist services are not available. (This was in the budget bill, but was vetoed I think.)

9. Require DOT to design the reconstruction of the Marquette Interchange and I-94 in Milwaukee and Waukesha Counties to allow for expansion of capacity for vehicular traffic on those highways to meet the projected vehicular traffic capacity needs, as determined by the Department, for 30 years following the completion of the reconstruction of those highways. (This was also in the budget bill.)
10. Specify that, in administering the local roads for job preservation program, DOT may specify the type of pavement to be used in any project under the program to ensure that alternatives are chosen that lead to the greatest long-term cost effectiveness. (or something like that)

Okay. That's it for now.
