costs are distributed between revenue from policyholders (60%), insurer assessments (20%) and reduced payments to providers (20%).

9. GRANTS FOR COMMUNITY HEALTH CENTERS [LFB Paper 1167]

	Gov/JFC	Assembly (Chg. to Gov/JFC)	Net Change
GPR-Lapse	\$0	\$1,500,000	\$1,500,000
GPR	-\$3,075,000	\$1,500,000	-\$1,575,000

Governor: Delete \$3,075,000 in 2002-03 and repeal the community health center grant program, effective July 1, 2002.

Grants to FQHCs. In 2002-03, \$3,000,000 GPR is budgeted to supplement federal funds federally qualified health centers (FQHCs) receive under the Public Health Service Act to support their operations. There are currently 14 health centers that qualify for grants, including: Beloit Area Community Center, Bridge Community Health Clinic in Wausau, Family Health Center of Marshfield, Milwaukee Health Services, Kenosha Community Health Center, Lake Superior Community Health Center in Superior, North Woods Community Health Centers in Minong, Northern Health Centers in Lakewood, Scenic Bluffs Community Health Center in Cashton, Sixteenth Street Community Health Center in Milwaukee, Westside Healthcare Association in Milwaukee, Family Medical and Dental Center in Wautoma, Health Care for the Homeless of Milwaukee and N.E.W. Community Clinic in Green Bay.

Other Grants. Under the program, DHFS is required to annually provide: (a) \$50,000 to a community health center in a 1st class city (currently the Sixteenth Street Community Health Center in Milwaukee); and (b) \$25,000 to Health-Net of Janesville, Inc.

Joint Finance: Adopt the Governor's recommendation. In addition, require DHFS, in consultation with the Wisconsin Primary Health Care Association, Inc., to conduct a review of federal funding available to health clinics and organizations under s. 330 of the Public Health Service Act. Specify that the study would include: (1) a review of statutory, regulatory and policy requirements for grantees currently supported under the program and potential grant applicants; and (2) suggestions for expanding the number of FQHCs in Wisconsin and the number of sites operated by organizations currently funded under the program and other ways to increase the amount of federal funding for Wisconsin health care clinics. Require DHFS to submit a report of the study to the Joint Finance Committee and the Legislature no later than June 30, 2002.

Assembly: Retain statutory provisions relating to the grant program. Provide \$1,500,000 GPR in 2002-03 to partially restore funding for grants to FQHCs, but require DHFS to lapse this amount from the appropriation in 2002-03. As a result, no funding would be available for
