

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRBb3010/1dn
RPN:cjs:jf

April 5, 2002

This draft removes all SDC changes regarding the Stanley Correctional Institution and requires the department of corrections to open that institution in September 2002.

This draft also amends the appropriations and positions to open the New Lisbon and Highview correctional institutions in January 2004. This part of the draft uses figures from LRBb2378, which was included in AA1 to ASA1 to AB1. I was unable to reach Jere Bauer at the LFB to verify the correctness of these figures.
