

**DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU**

LRB-3191/P2dn
RPN:hmh:pg

July 17, 2001

I did not make all of the changes suggested.

As mentioned in my earlier Drafter's Note, the definition of "domestic abuse" was very cumbersome, so I broke it into the behavior, "abuse conduct" and those who commit the abuse. I kept that language in the draft.

I did not add "public or private" before "location" because in sections 813.12 (3) (a) (intro.) and (4) (a) (intro.) because they add nothing. "Location" includes all public and private locations.

Please review this draft and let me know if I should prepare a draft that can introduced.
