

2001 SENATE BILL 467

February 26, 2002 - Introduced by Senator GEORGE, cosponsored by Representative MUSSER. Referred to Committee on Universities, Housing, and Government Operations.

1 **AN ACT to amend** 13.0992 (2) (c) and (6); and **to create** 13.0992 of the statutes;
2 **relating to:** preparation of tribal impact statements for bills that would have
3 an impact on tribal governments or American Indians.

Analysis by the Legislative Reference Bureau

This bill requires the preparation of statements describing the impact of legislation on tribal governments and American Indians. It applies to bills that apply specifically to tribal governments or American Indians or that affect tribal governments or American Indians differently than other governments or entities or other individuals. The requirements of the bill are designed to parallel the current requirements contained in the statutes and the joint rules of the legislature for the preparation of statements describing the fiscal impact of legislation.

The bill directs the legislative reference bureau to identify bills for which tribal impact statements are required and authorizes either house of the legislature to request one. In addition, the chairperson or either cochairperson of the special committee on state-tribal relations may request a tribal impact statement. If the Wisconsin tribal-state council is created, as is proposed in separate legislation recommended by the special committee on state-tribal relations, the bill permits either cochairperson or the executive director of the council to request a tribal impact statement. It directs the department of administration to assign the task of preparing a statement to the appropriate agency or agencies. It establishes a deadline for the preparation of a statement and requirements for its distribution. The bill states that a standing committee may not hold a public hearing on, or report a bill for which a tribal impact statement is required, before receipt of the statement.
