I am not sure why this is a continuing appropriation. Also, I would prefer to make this a session law if it is to be a one-time grant, then sunset the appropriation at the end of the second fiscal year, or earlier.

This draft has no standards or review requirements. I don't know if the agency receiving the money even exists, much less what they will do with the money. ~~It~~

Bob, I think your suggestion is a good one. The group really does exist and this money is meant to be one-time seed money to raise private funds. If there is a way to allow a temporary appropriation that would exist only for 2001-03 biennium as you suggested, that is fine with me.

Bob, could we make this a biennial appropriation to provide more flexibility? This would match the sunset language of July 1, 2003. Also, could you change the amount to \$100,000?

Because DVA needs authority to provide the education center grant, some form of nonstatutory authorization must remain in the draft.
