## 2001-2003 Statutory Language Proposals

Division: DEBT SERVICE & DEVELOPMENT

Bureau: DEVELOPMENT

Issue/Topic: PROGRAM SERVICE APPROPRIATION FOR DEVELOPMENT

Proposed Change: Create a new continuing PR-S appropriation in Program 7 (suggested alpha and numeric (7)(mk) - 739) to allow the Department to receive pass through funds from DOA and Military Affairs originating from the federal Department of Energy and the Federal Emergency Management Association for development projects.

Explanatory Note: The Department periodically receives federal funding that is passed through DOA or the Department of Military Affairs that is intended for development projects. This funding originates as federal dollars from the Department of Energy and the Federal Emergency Management Association. Appropriation 20.370 (7) (mi), numeric 736 has been used in the past for the money received through DOA, but the statutory language for that appropriation specifically excludes funding received from other state agencies and the federal government. Prior to the Department's reorganization in the 1997-99 biennial budget, these funds were deposited in appropriation 20.370 (1) (mk), numeric 139. This appropriation is no longer appropriate, since the development appropriations are in Program 7, although the language could be similar or broader than the language in (1) (mk).

Desired Effective Date: The effective date of the 2001-2003 biennial budget.

Contact Person: Eric Thompson, Bureau of Management & Budget, 266-8251, or Bridget Montour, Bureau of Finance, 266-0067.
